Now... prepare yourself, Murakami... or rather Imakarum Mirabilis!
I am your opponent now!
Tsk... everything was perfect before you decided to show up!
very well..
but...
I will choose the battlefield!
then let's go!
Agito - sama..
Makishima..

LO

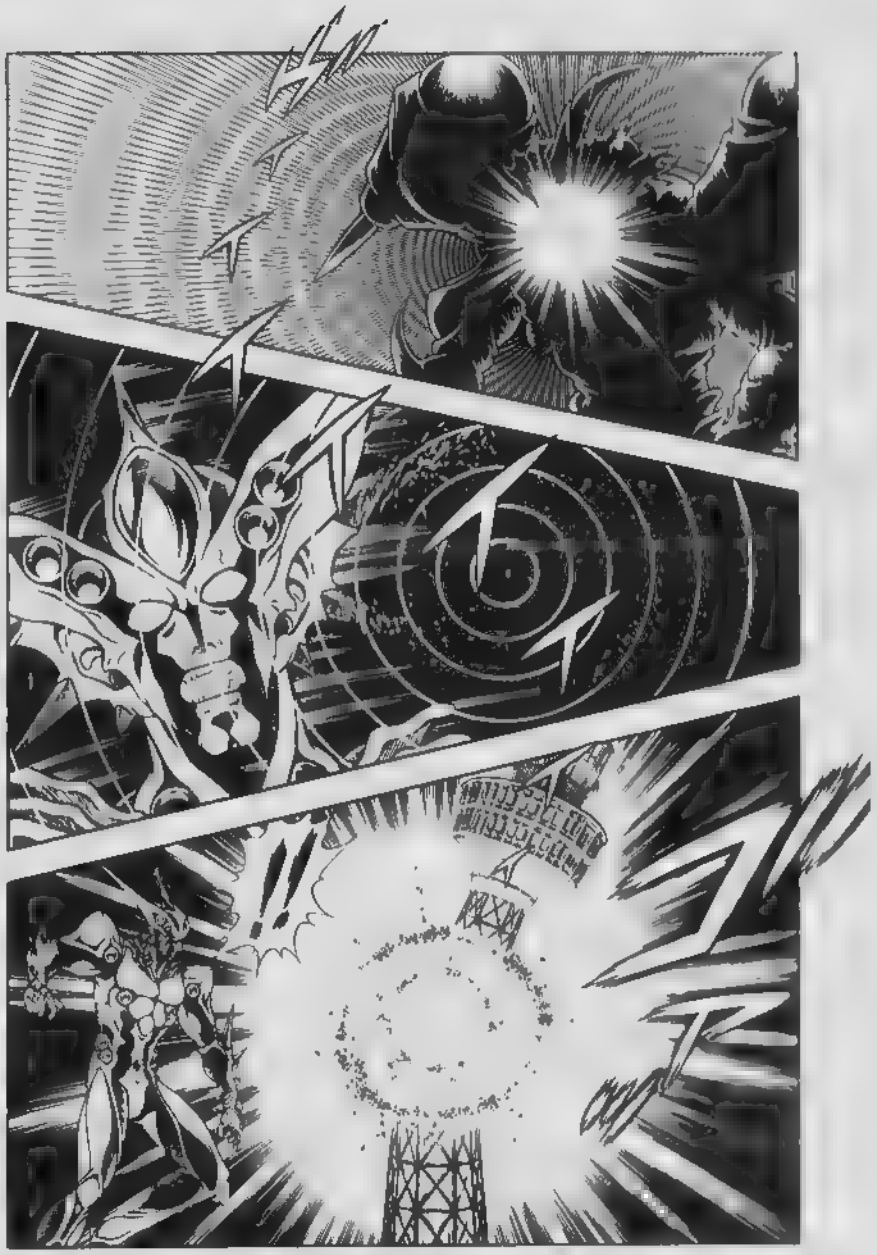
For what reason?
You want to fight in such a crowded area?
let me explain!
Here...
Huh?

Guyver Advocacy

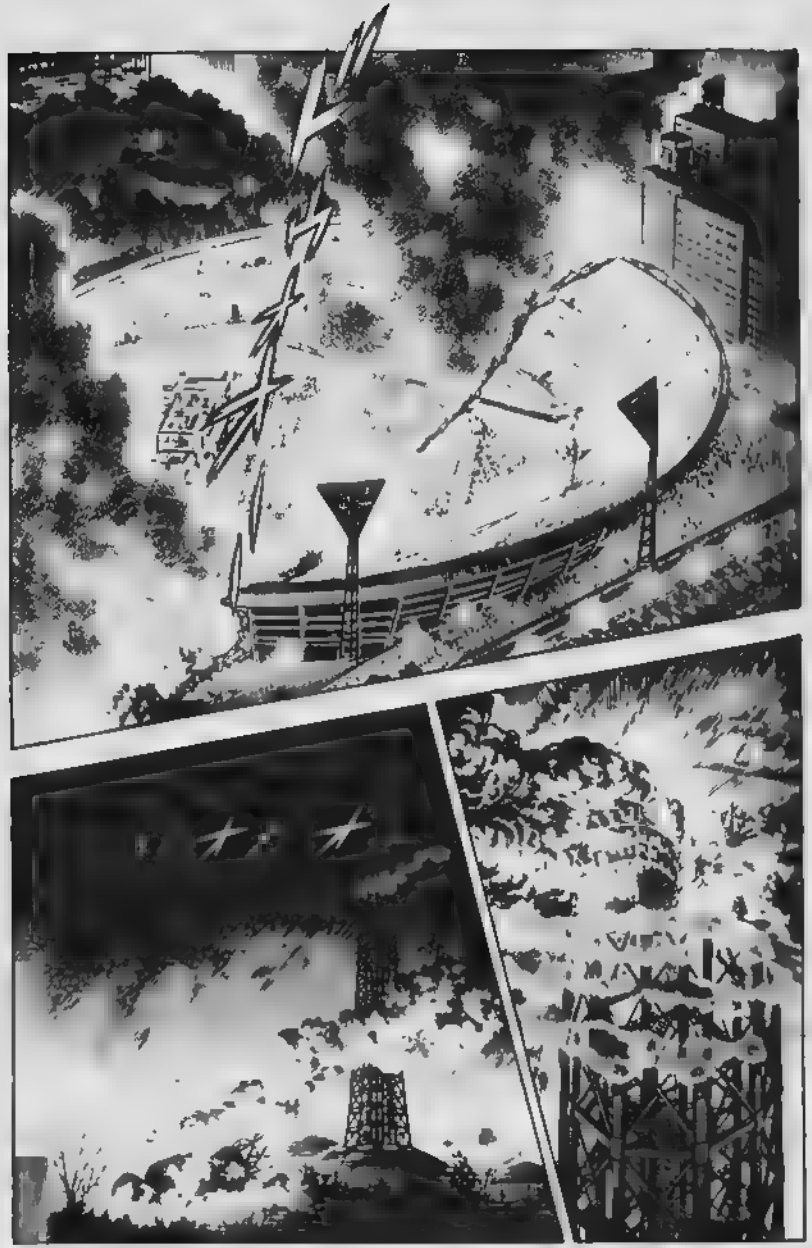
Guyver Advocacy

You made a bad call
I am not like Fukamachi
What ?



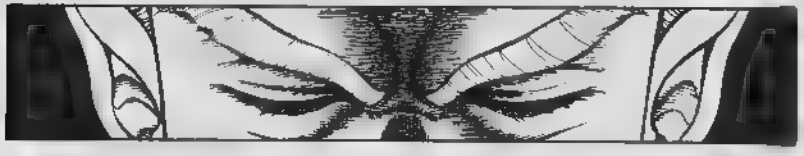
Chapter 74
DEADLY BATTLE
I wouldn't care the least bit if our battle killed thousands!!
Güyver Advocacy

横浜スタジア

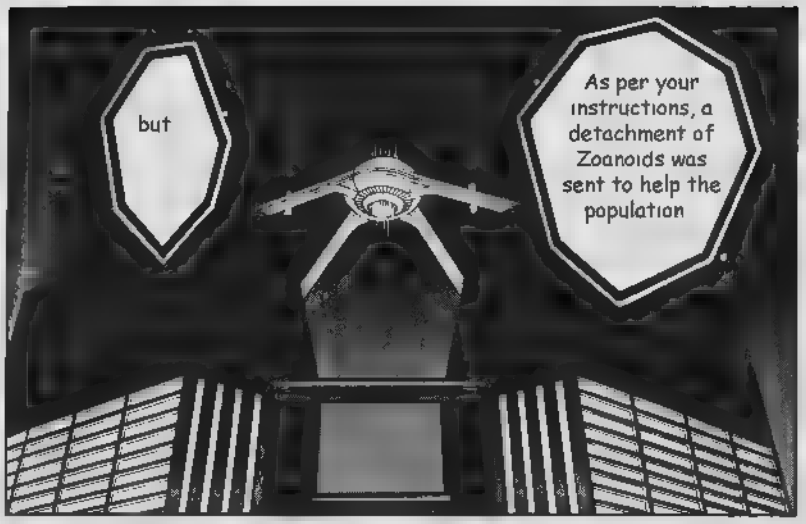


The fire has also reached Yokohama Stadium!
The Navy´s tower was destroyed!
Chinatown has almost entirely been destroyed by the fires!
And now, his excellence Mirabilis and the Gigantic Guyver are about to reach Minatomirai 21!
Guyver Advocacy

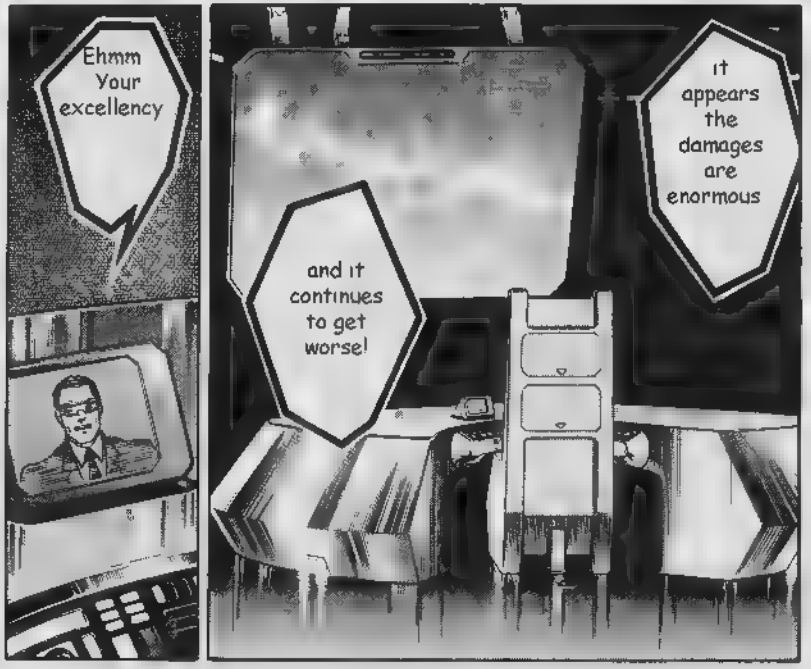
You are to stand by.
Yes sir
.....
Are you sure we should not take any action?



even now, Dr.Barcas?
Should I intervene



but
As per your instructions, a detachment of Zoanoids was sent to help the population



Ehmm Your excellency
and it continues to get worse!
it appears the damages are enormous

TSK
Take this!!
Gravity bullets ?

He managed to deflect them with the most basic shield maneuver.
He´s an exceptional warrior ..
Agito Makashima this man
I will show you
the true power of the Gigantic!
Heh Heh Heh ..
Damn!

The shield is about to fail
I can't keep it up!

Uhh
His power
My shield is breaking down!
Ahh look at that!
Is this simple shield expending all your energy?
What is it, Murakami?!

My gravity powers are more potent than Guyot's were, and he still managed to str ke me l ke that
Urgh
The Gigantic armor was created to fight Archanfel
against that, you don't stand a chance!
Damn it!
Do you finally realize..
how big the gap between our power is?

!!

I will do whatever´s necessary
He is powerful but I won´t give in so easily

until I succeed in saving him, I will do whatever he commands!
Archanfel - my lord

Don´t over-estimate yourself, boy!!

Your attacks don´t even touch me!
It´s futile!

AAH!
?
What?
I sense a vast change in the energy aura surrounding Murakami's body

He broke out the other side...
Take that!
urgh

What
What the hell is this?!

Damn!
This is some kind of attack?!
!?

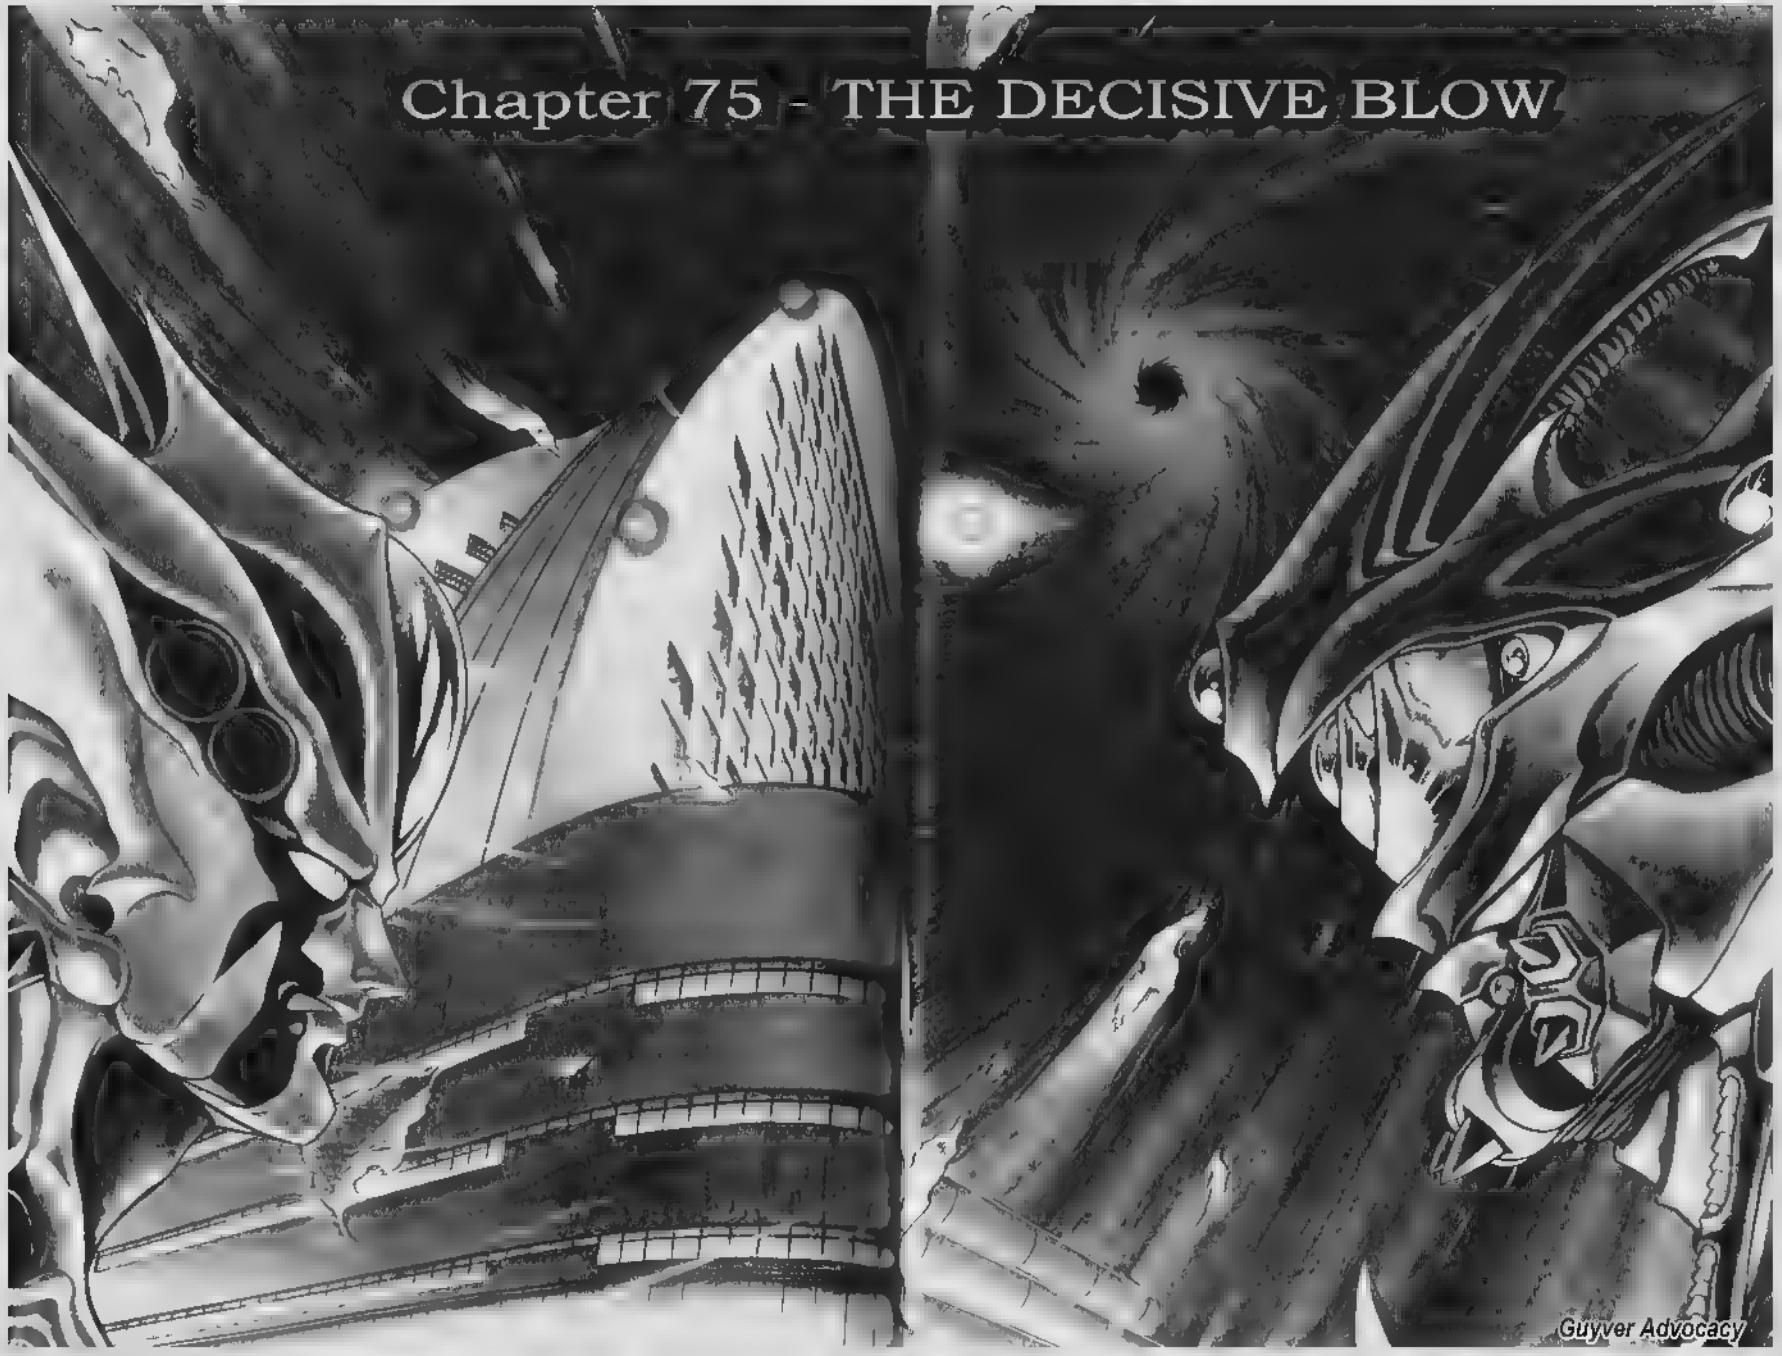
Guyver Advocacy

kh

you think you can cope with this weapon, Agito Makashima?
No matter how powerful the Gigantic is, it cannot stand up to this..

the forbidden weapon; my ultimate gambit
The virtual Black Hole!

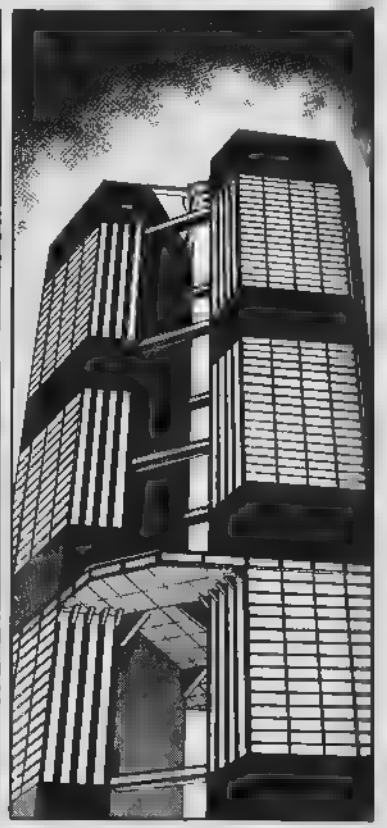
Chapter 75 - THE DECISIVE BLOW

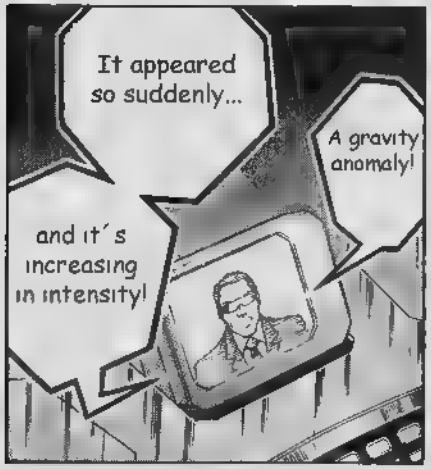


Guyver Advocacy

What the hell_?
This tremendous gravity vortex

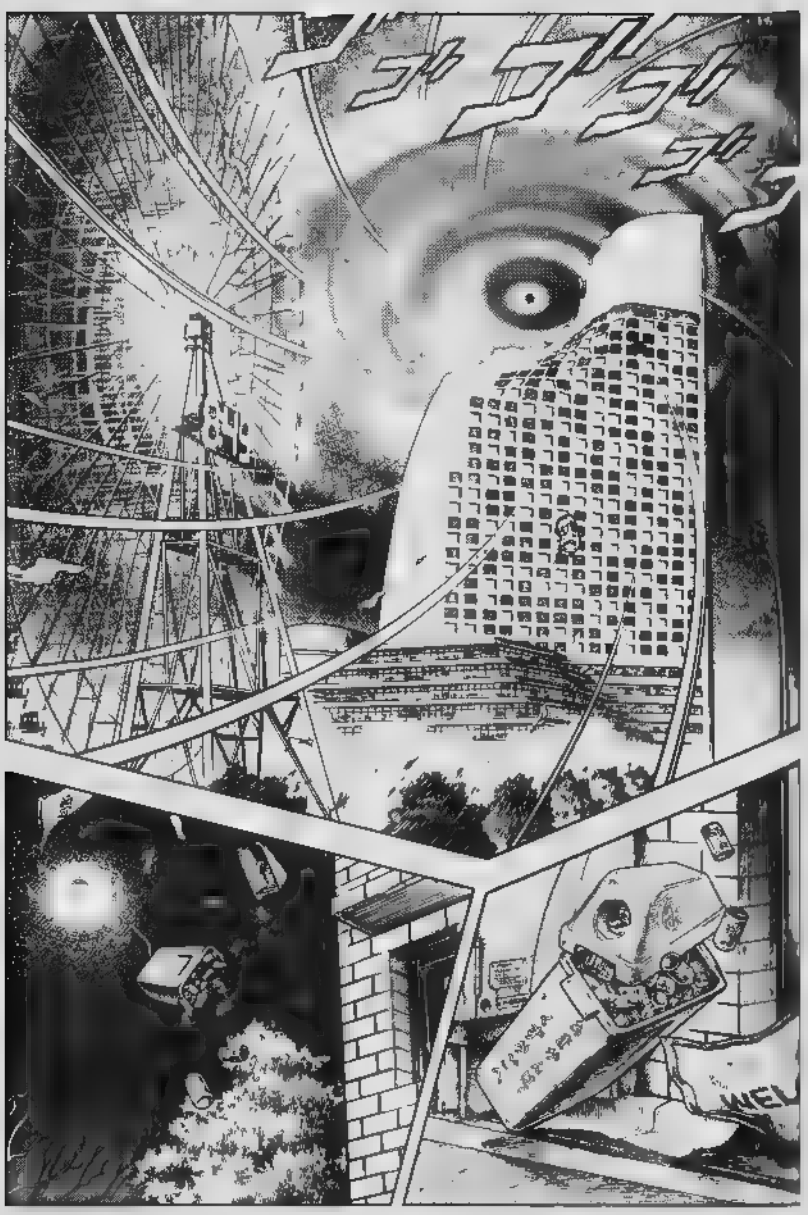
What happened?!
What?

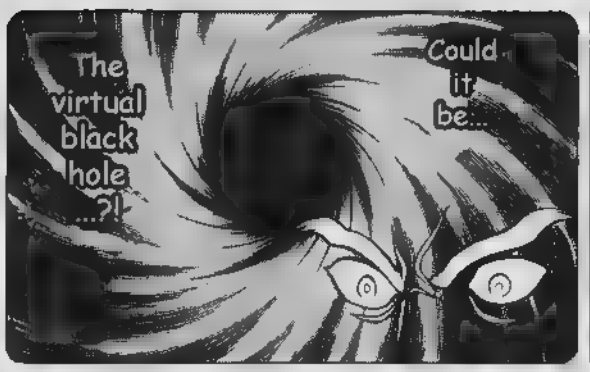




It appeared so suddenly...
A gravity anomaly!
and it´s increasing in intensity!

Guyver Advocacy

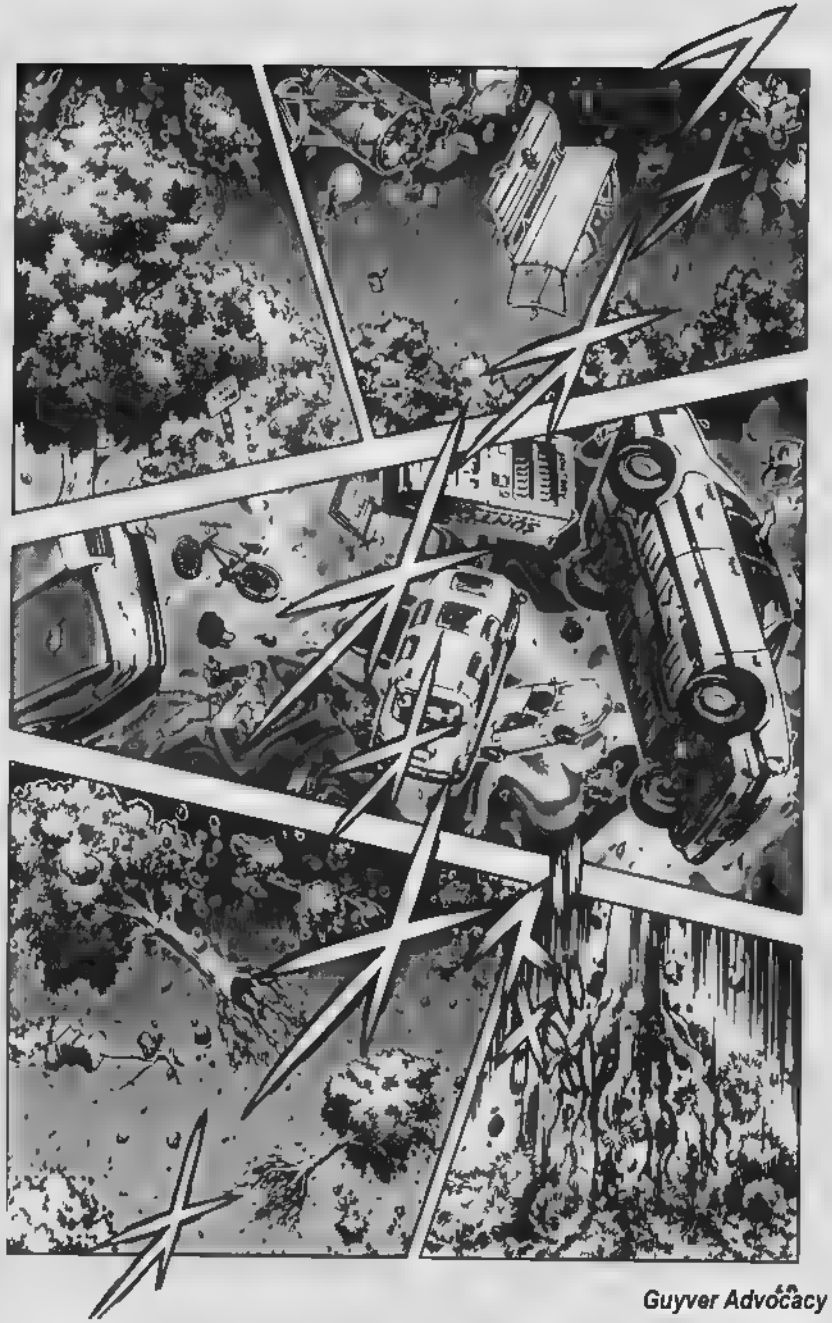




The virtual black hole ...?!
Could it be...
A gravity anomaly ?

Just like Guyot - !
He couldn't !!?
What has he done ?!

Connect me to Doctor Barcas at Arizona Headquarters!
Hurry, get me the emergency comms line!

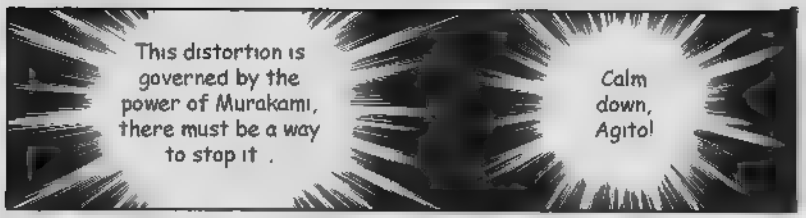


8:49

Guyver Advocacy

Do you feel it Makashima...
The power of the virtual Black Hole!
Even with all the Gigantic´s might at your command
This is your end!

an immense gravity Storm!
Incredible.



This distortion is governed by the power of Murakami, there must be a way to stop it .
Calm down, Agito!

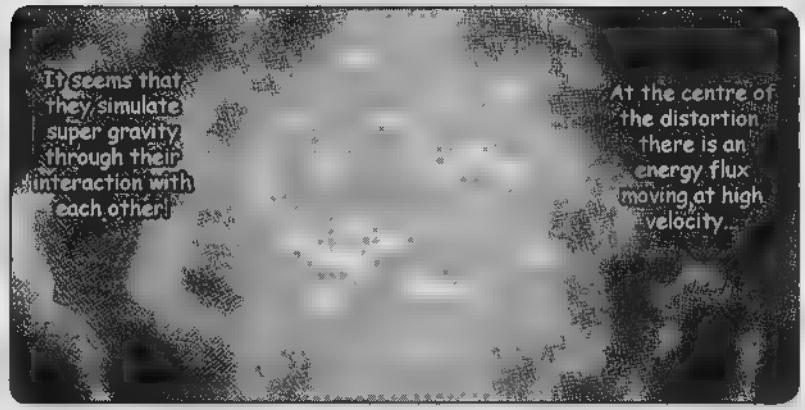
!!

Before it becomes a real black hole.
Urgh .. why won't you just give it up

Not even I will be able to stop it!!
because if that happens

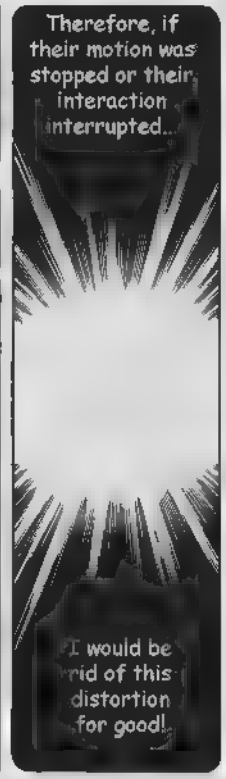
I don't know if I can resist this for much longer ..
sh
SHIT

you ?
What do you think you're doing ?

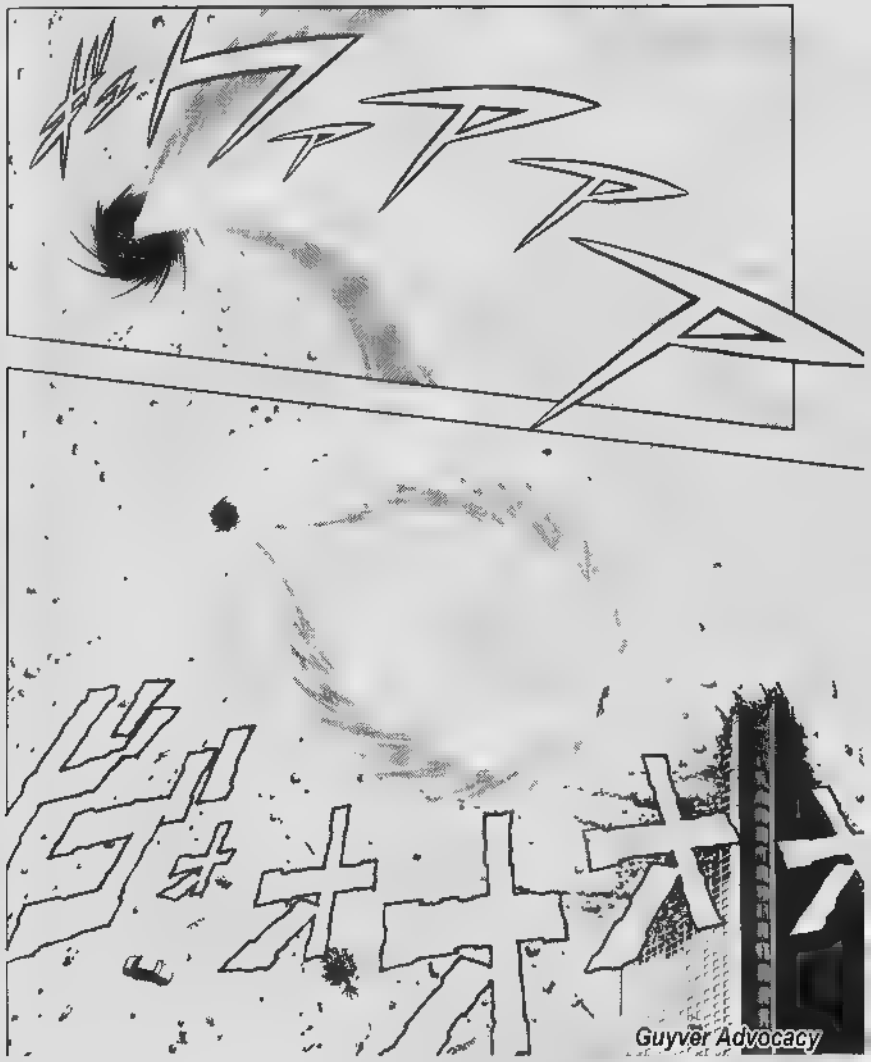


It seems that they simulate super gravity through their interaction with each other.
At the centre of the distortion there is an energy flux moving at high velocity.

Yes!



Therefore, if their motion was stopped or their interaction interrupted...
I would be rid of this distortion for good!



Guyver Advocacy

!!
Is gone?!
The virtual black hole
Well, Murakami I did not expect that
You played your final trump card
But in the end, the game is mine!
and now
This place shall be your grave!

Guyver Advocacy

AAAARGH!!

TAKE THIS!!!

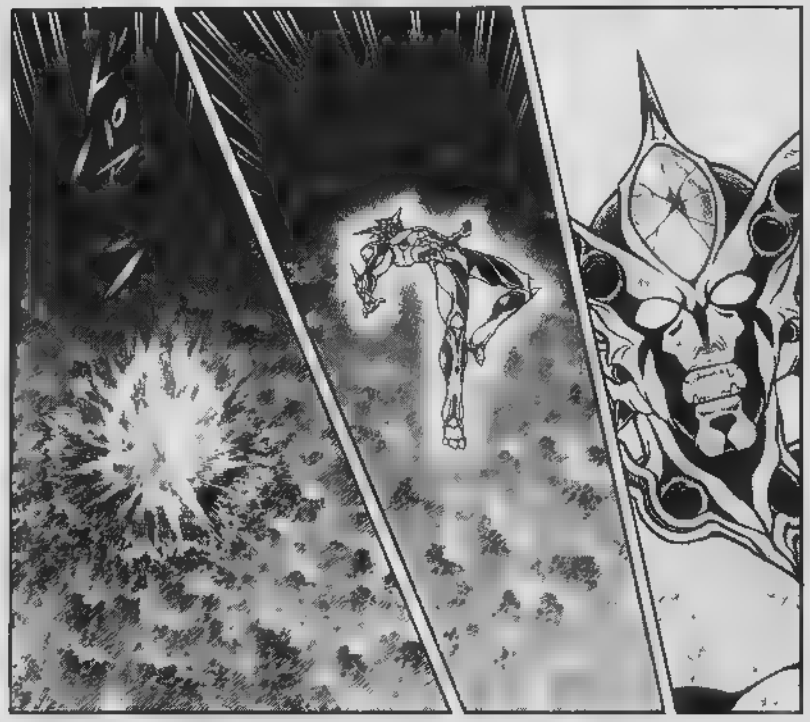
Guyver Advocacy

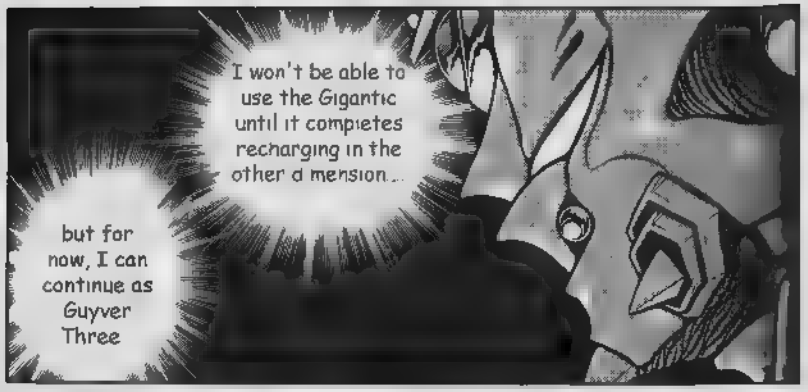
AAARGH!!
and now
the finishing blow!
!?

....Masaki?
Guyver Advocacy

Chapter 76 - THE REAWAKENING OF ALKANPHEL
Guyver Advocacy

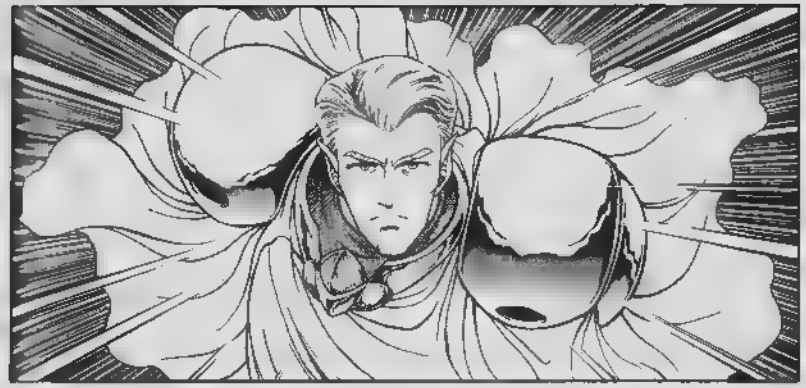
I used too much energy ?!
Damn!





I won't be able to use the Gigantic until it completes recharging in the other d mension...
but for now, I can continue as Guyver Three

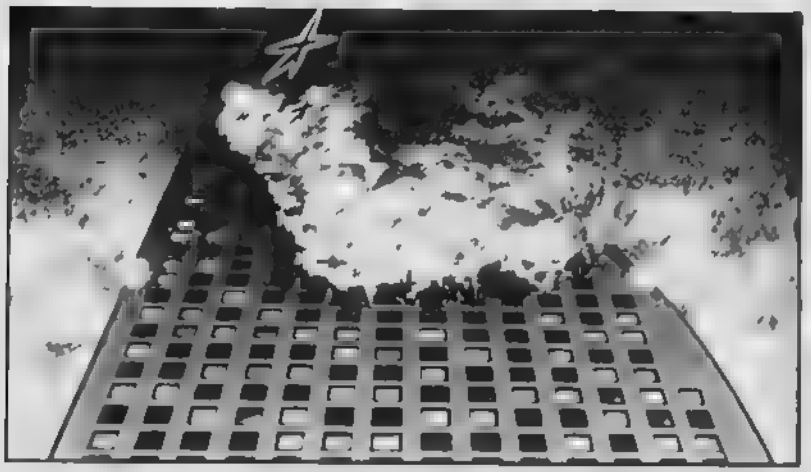
!!



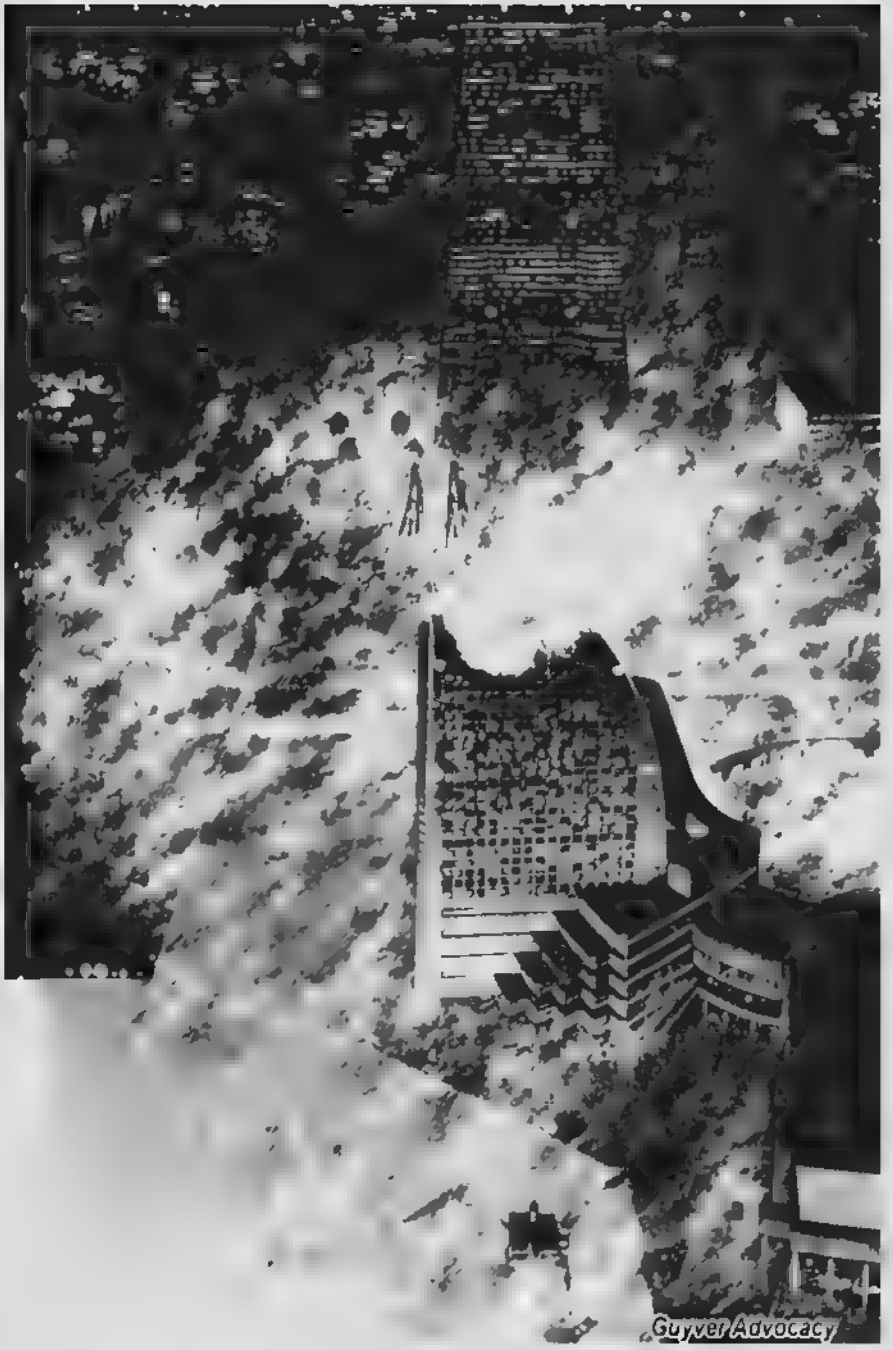
Perhaps Puluksnterl
Another Zoalord

I wanted to finish Murakami off
But perhaps it is better to withdraw

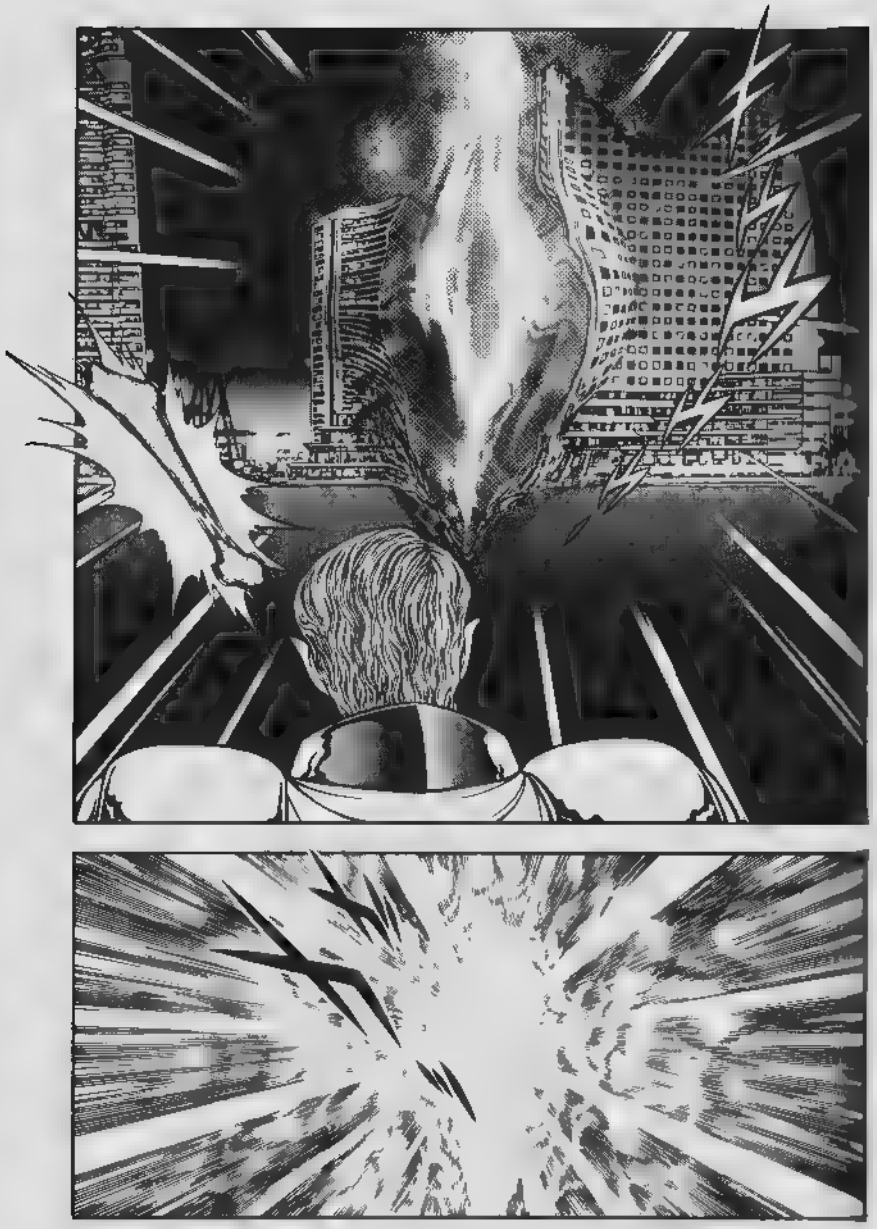
What has happened here?!

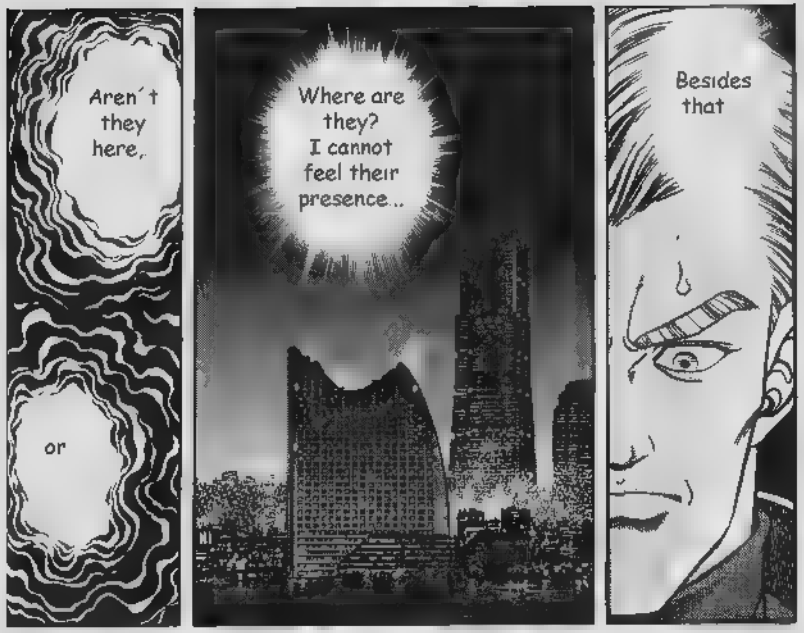


could the Giga-smasher be that powerful ..?
The black hole has vanished...



Guyver Advocacy

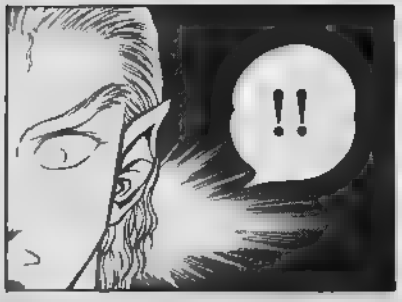




Aren´t they here,
or
Where are they? I cannot feel their presence..
Besides that

What!?
Someone is arriving...?!

A..
ARCHANFEL!?
Guyver Advocacy



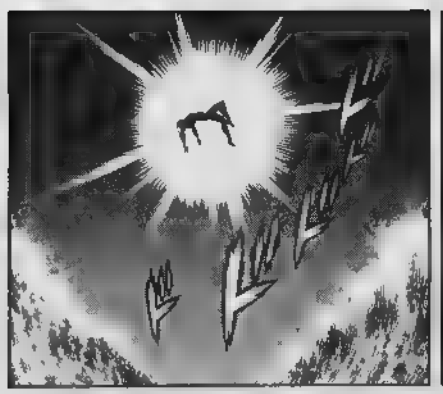
!!

Archanfel ?

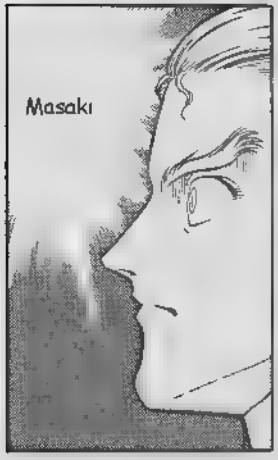
Masaki .
Where is he?

When I arrived, there was no trace of either of them.
Ah, ehm

Guyver Advocacy

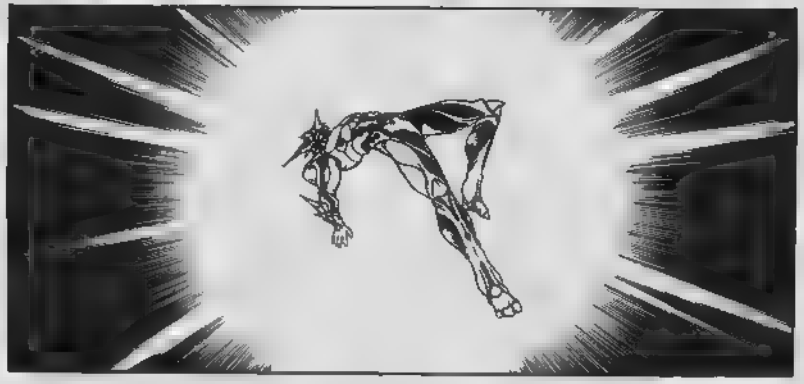


He was defeated by the Gigantic Guyver...?!
Ima karum !



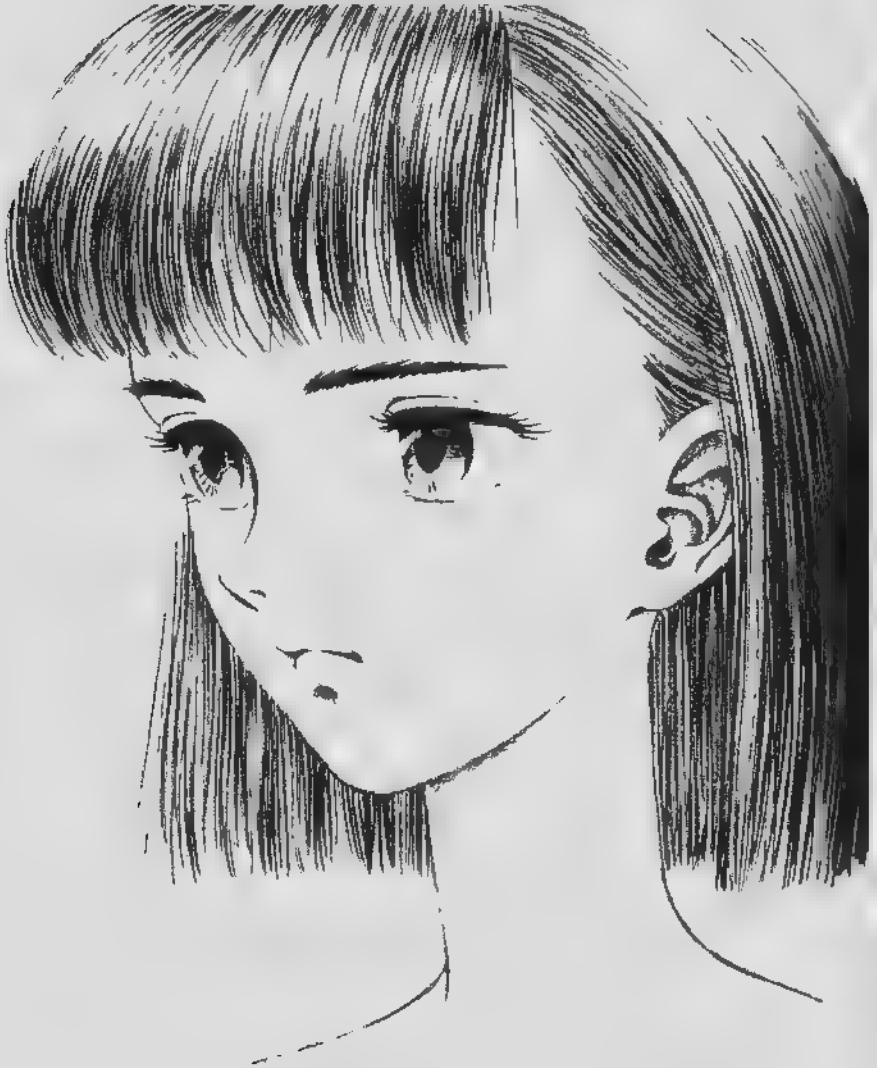
Masaki

Huh! The sea..?!



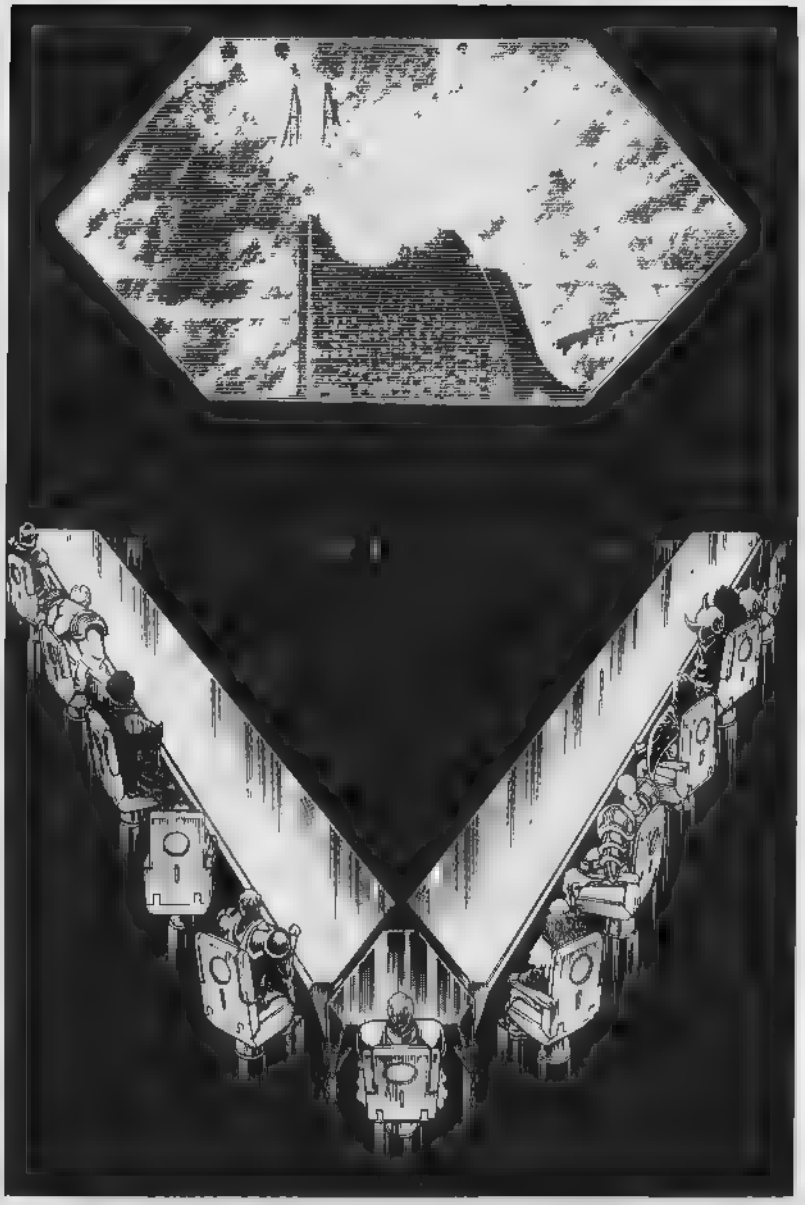
He is on his way
Makishima
Then Murakami ?
!!
Sho
Agito!

Chapter 77
THE REUNION OF THE LORDS



Guyver Advocacy

Shinjuku - Cloud-gate
Meeting room reserved for directors
Guyver Advocacy



He could not defeat the Guyver Gigantic...
Despite all the damage he wrought -

But was he not following the orders of Archanfel?
Unbe lievable.!
Using the virtual black hole what was he thinking ?

Doctor Barcas
Remember that our council only exists to serve Archanfel
We won´t get anywhere unless we stand together!
!!
Pulukshter!
You too!?
We are merely confused because
we don´t know how we shou d show our loyalty to h m
The true purpose of this meeting is .
Therefore

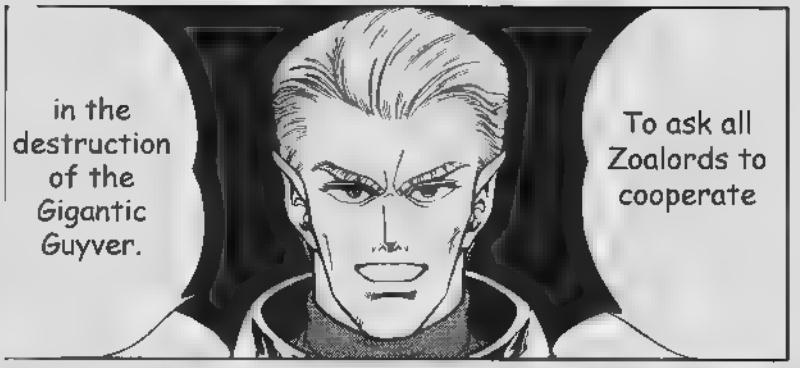
!!
I just can´t understand the intentions of our lord
grr
Above all, why did he choose our newest member to eliminate the Guyver group?
ENOUGH!!
In effect, he has neglected all of us who have served him for years

we can´t even face it, or defend ourselves? We are supposed to just sit and wait?
Should we wait for Archanfel´s orders when we don´t even know where he is..

Please forgive me
I over reacted
!!
Puluk shter!!

We also need him to complete the Ark project
but.. we can´t afford to lose our comrades like this

I have no intention of opposing Archanfel
Please under stand, dr Barcas



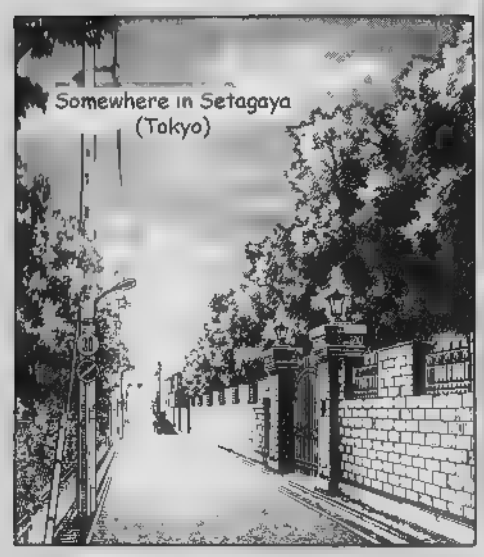
in the destruction of the Gigantic Guyver.
To ask all Zoalords to cooperate

hum.
!!

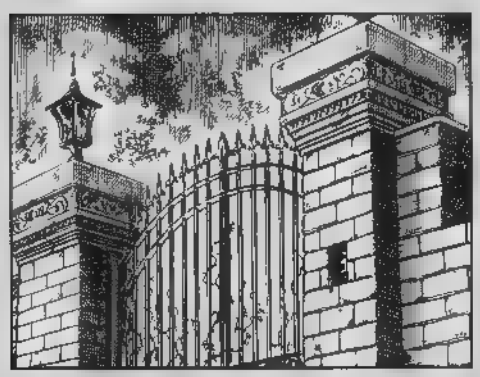
What else can we do?!
We cannot move without orders from Archanfel!

If the Gigantic should attack Cloud-gate..
Now, with Mirabilis defeated

Puluk shter!!



Somewhere in Setagaya
(Tokyo)



Odagiri

Show us your leadership, if just for a moment

for our lord Archanfel
Everything serves our ultimate goal

It is too much for an old man like me to bear
Archan fel

Archanfel, I beg you to give me a sign
I need your strength to reunite all of our efforts

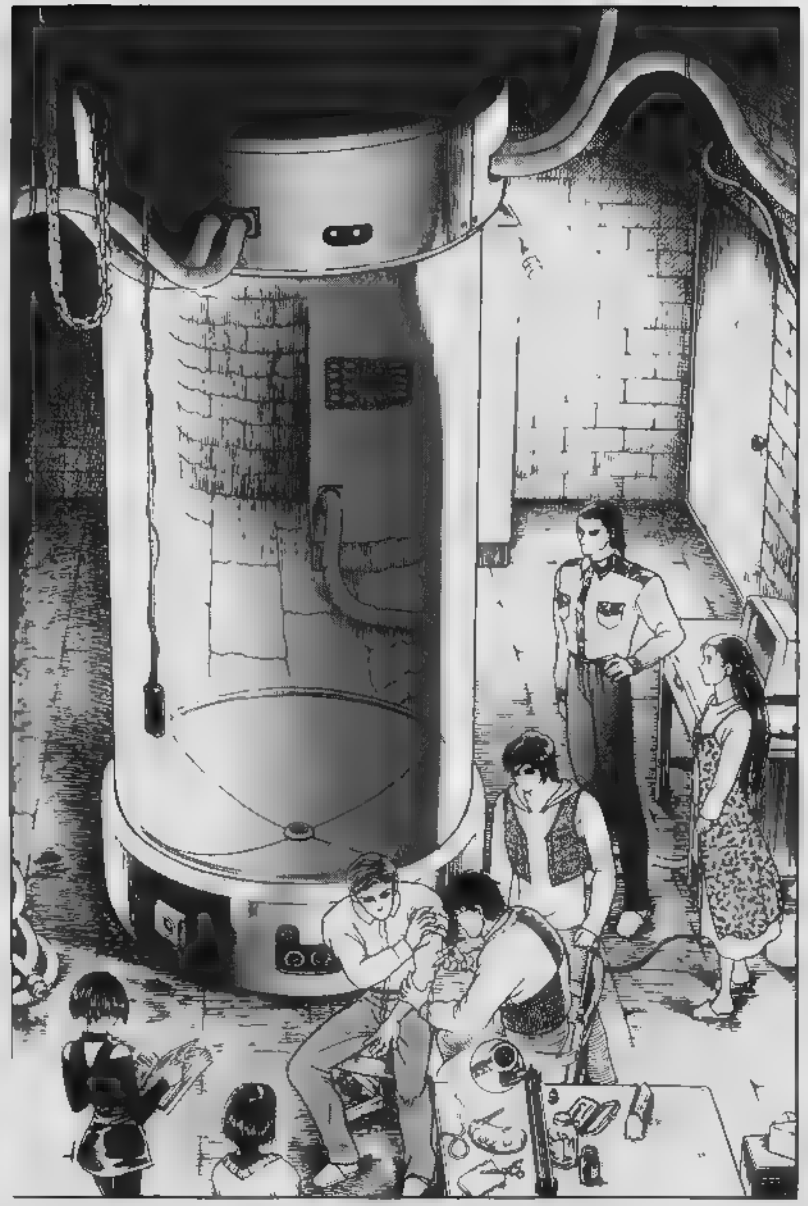
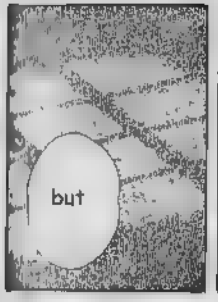
Thank you ..
How do you feel?
and this equipment ...
This is a really beautiful house
all in order to counter-act Chronos' "obedience virus"
After we seperated on Mount Narisawa, we continued our experiments to develop Lost Numbers here.
All this was left to us by director Odagiri...
His family was rather wealthy



I will return there soon
Yes
I want them to study these documents
The resistance movement there has medical specialists, scientists
Indeed
now that Makishima possesses the power of the Gigantic
So I can erase Chronos from existance!
Which one of you will use the Gigantic from now on?
Umm, Sho

But now I've managed to bring you here
In the end, I was the only survivor
to hand you the results of our research
I can finally stand at my comrades graves without regret
America?

S lna Island At antic Ocean



but

We should both be able to,
I don´t know

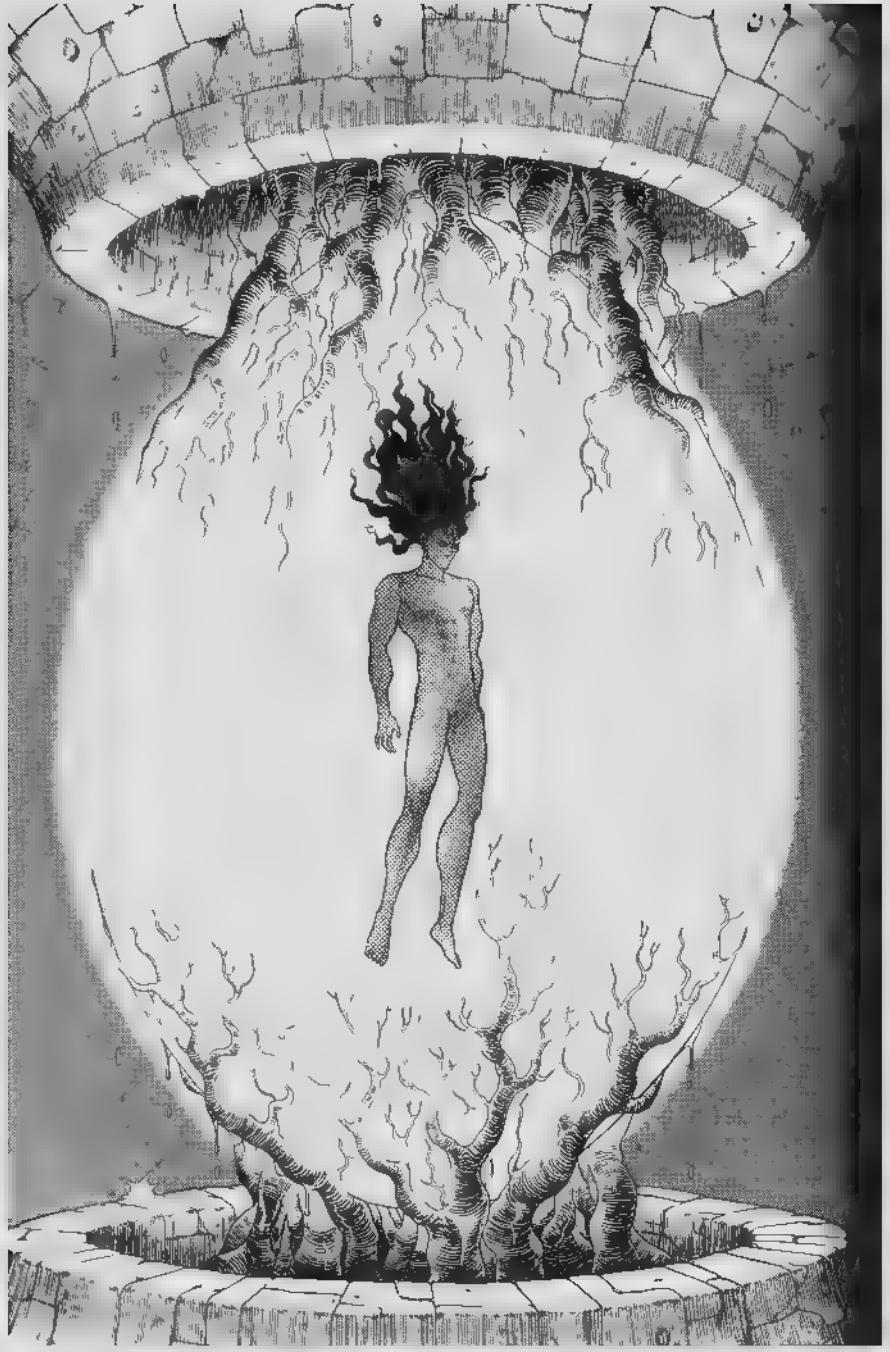
Sho!
why
Perhaps Makashima is better suited to using such a power!

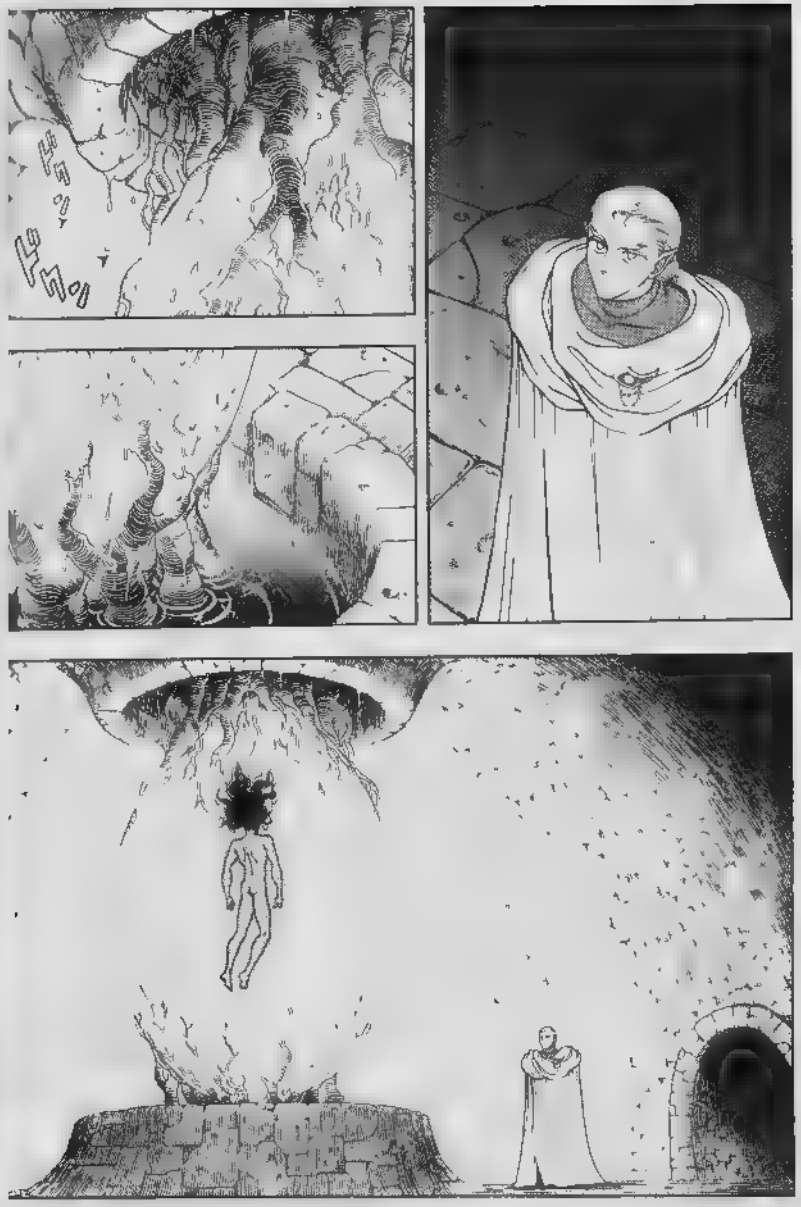
Sho

I lack the determination to make any effective use of it!

Mizuki

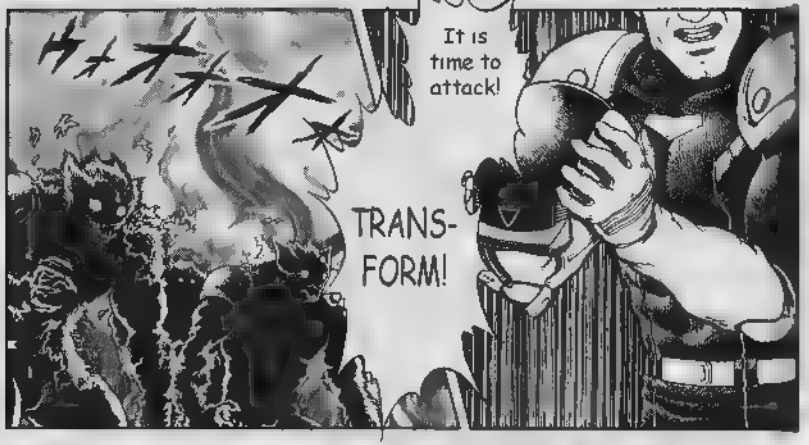
the Gigantic may have been created by my will power
but



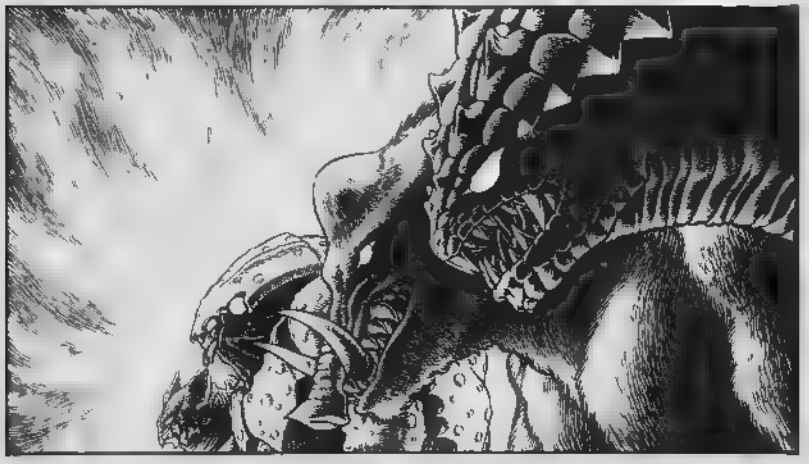


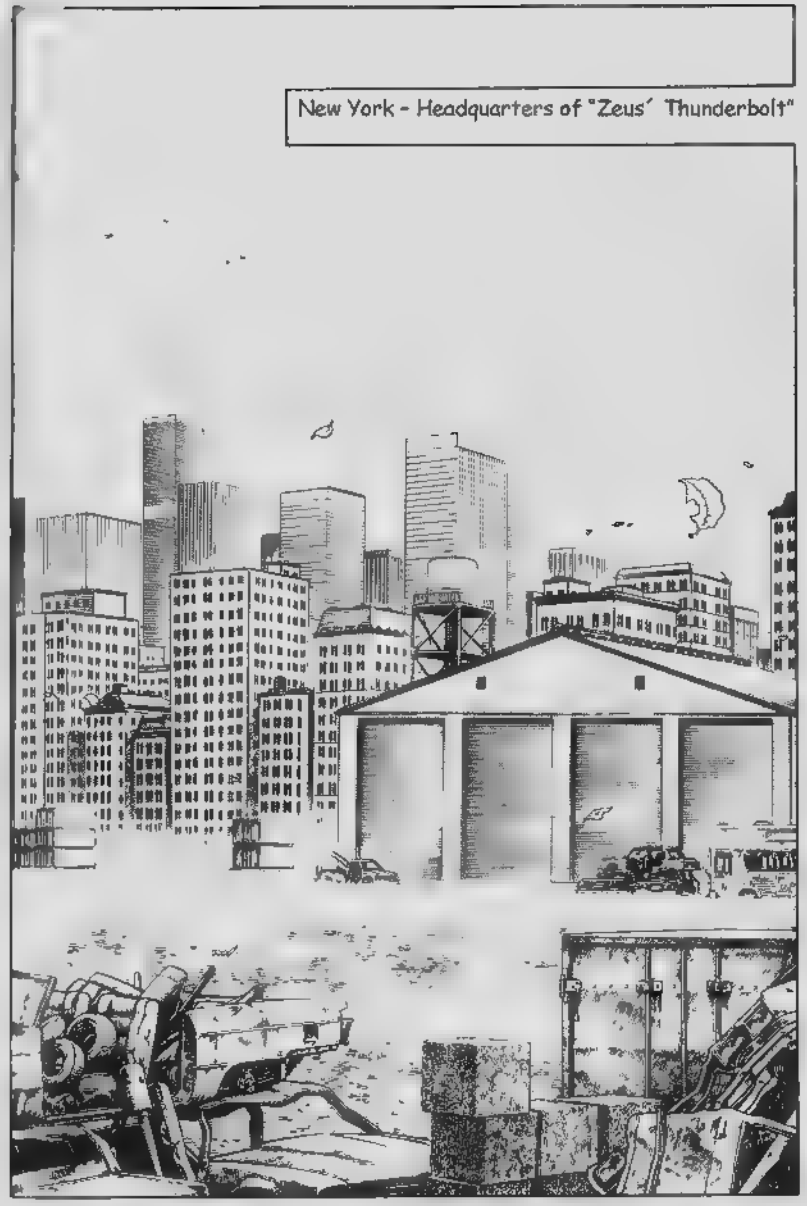
Chapter 78
DESTRUCTION!?
"ZEUS THUNDER"

This is the nest of those rats, that destroyed most of our US processing plants

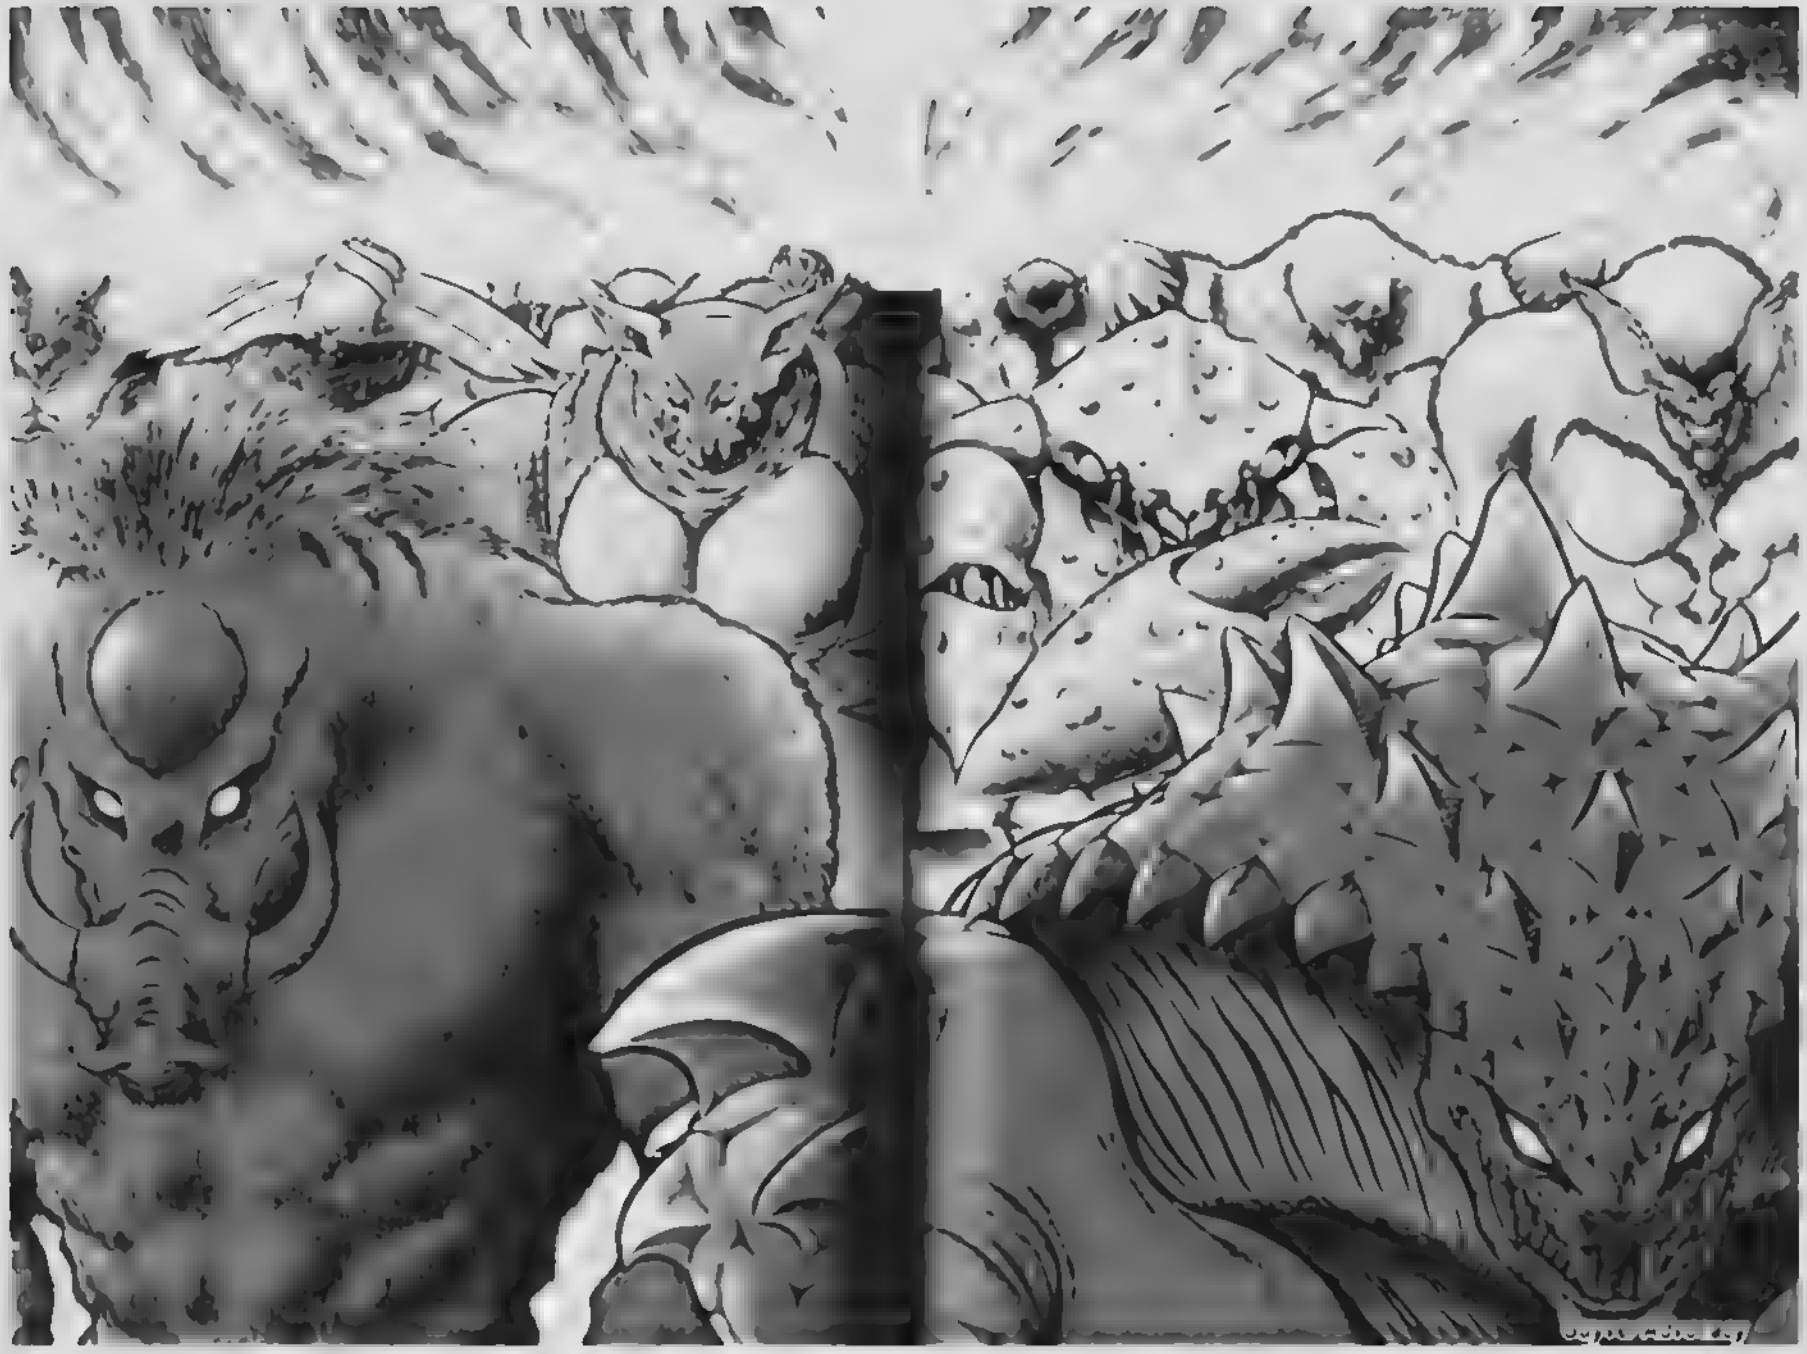


It is time to attack!
TRANS-FORM!





New York - Headquarters of "Zeus´ Thunderbolt"



We're completely surrounded!
DAMN IT! How did they find us?

Tsk blast it.
I'm sorry.. He hasn't contacted us since the Yokohama incident
Did you manage to contact the boss?

You came.

Shinjuku - Cloud Gate

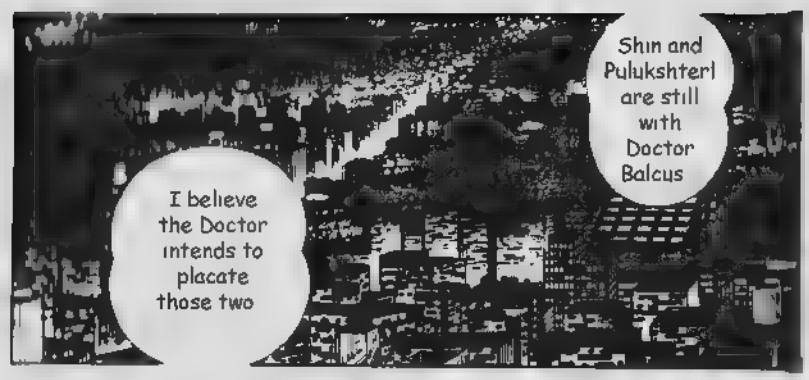
Doctor Barcas What is it?

Doctor?
?
but under the circumstances, I feel I have no other choice
I never meant to talk to anyone about this
Of course you both have my immense gratitude
and I am tremendously proud of both of you!
And neither will mine, and that is a fact!
no matter what happens, my allegiance to Archanfel will never waver
And that is it absolute, I swear it
you will stand to defend our lord, Archanfel, no matter what
He knows our loyalty is un shakeable
But why ask us this?
Shin Pulukshter!
Before I te you this, you must swear to me that when the time comes,

The matter of which I wish to speak

regards Archanfel's personal health.

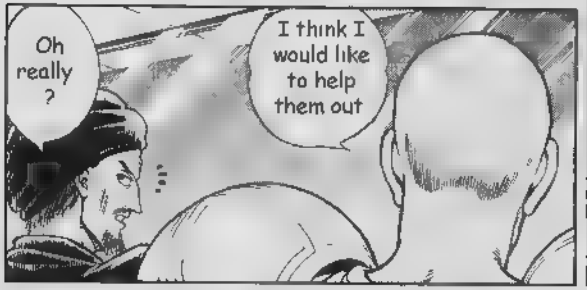
It appears so.
Waferdanos and Kablar have already left?



Shin and Pulukshter! are still with Doctor Balcus
I believe the Doctor intends to placate those two

which of us should help to defeat the Gigantic Guyver?
While we are on the subject ...

And I notice you're not saying anything else about that



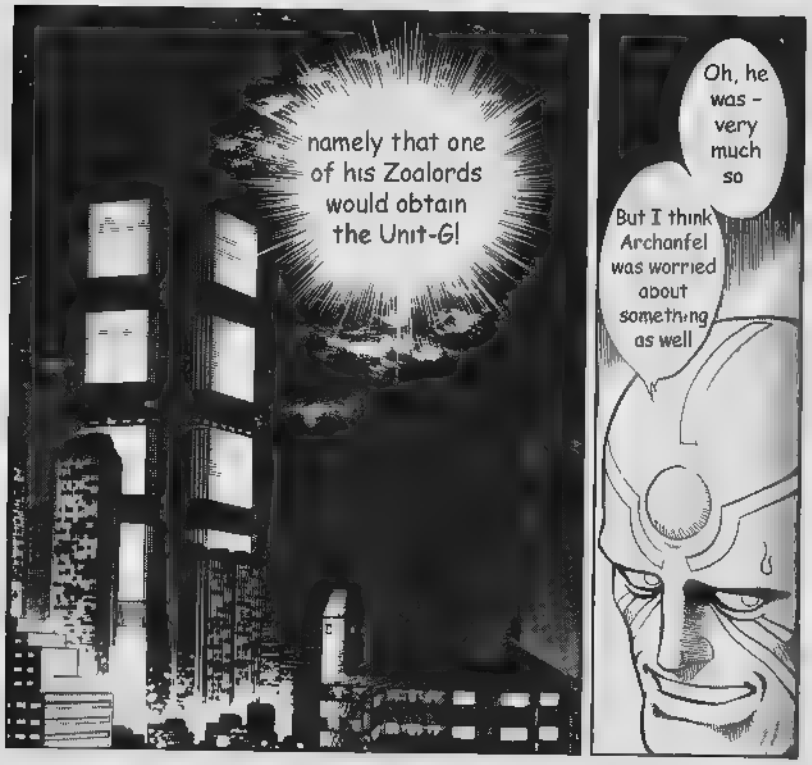
Oh really ?
I think I would like to help them out

I knew you'd say that

Of course I am extremely interested in the Guyver!

Could it be because of the secret of the Guyver?

He wasn´t worried about Archanfel´s response?



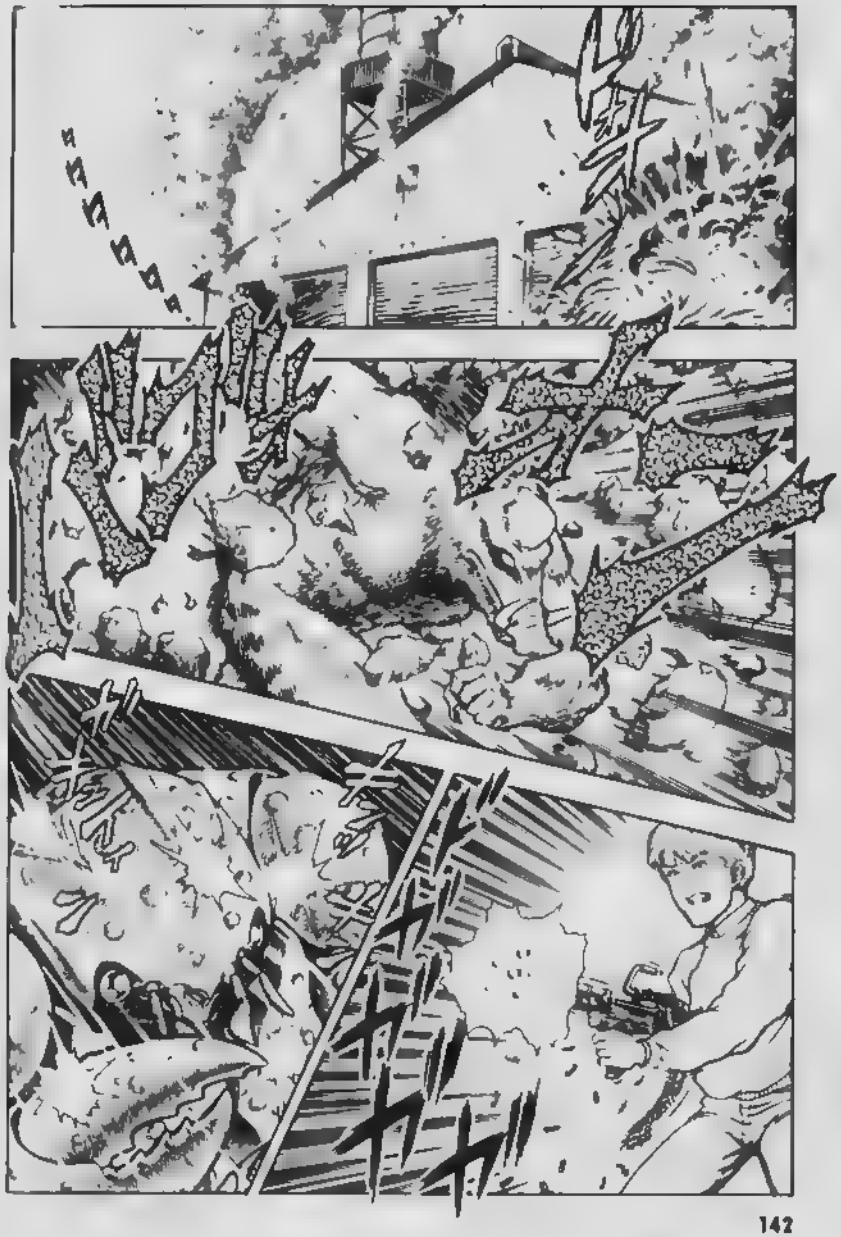
namely that one of his Zoalords would obtain the Unit-G!
Oh, he was - very much so
But I think Archanfel was worried about something as well

Until now, all measures used to attempt to retrieve the Guyver were instigated either by Doctor Barcas or lord Archanfel
I think it interests you as well

Kuru megnik, what are you saying?
We were always kept out of it even though we are the supreme Chronos officials.

Even if he never realized the power of Archanfel,
how could he possibly believe, he would be able to gain control over the entire organization?
Doesn´t it strike you as odd?
Guyot was extremely interested in the Guyver as well

AAAGH!!
Uwuh



Damn it! We're getting massacred
If only the boss were here
Don't you see? He's abandoned us.
Jeffrey?
You can forget about that

Why ?
It´s incredible Zencrebe of Toronto was brought down by this?
Huh?
Wha..?
!!

You´re not going any where!
SHIT!
grr
What are you waiting for? Is that little gun supposed to be your defense?!

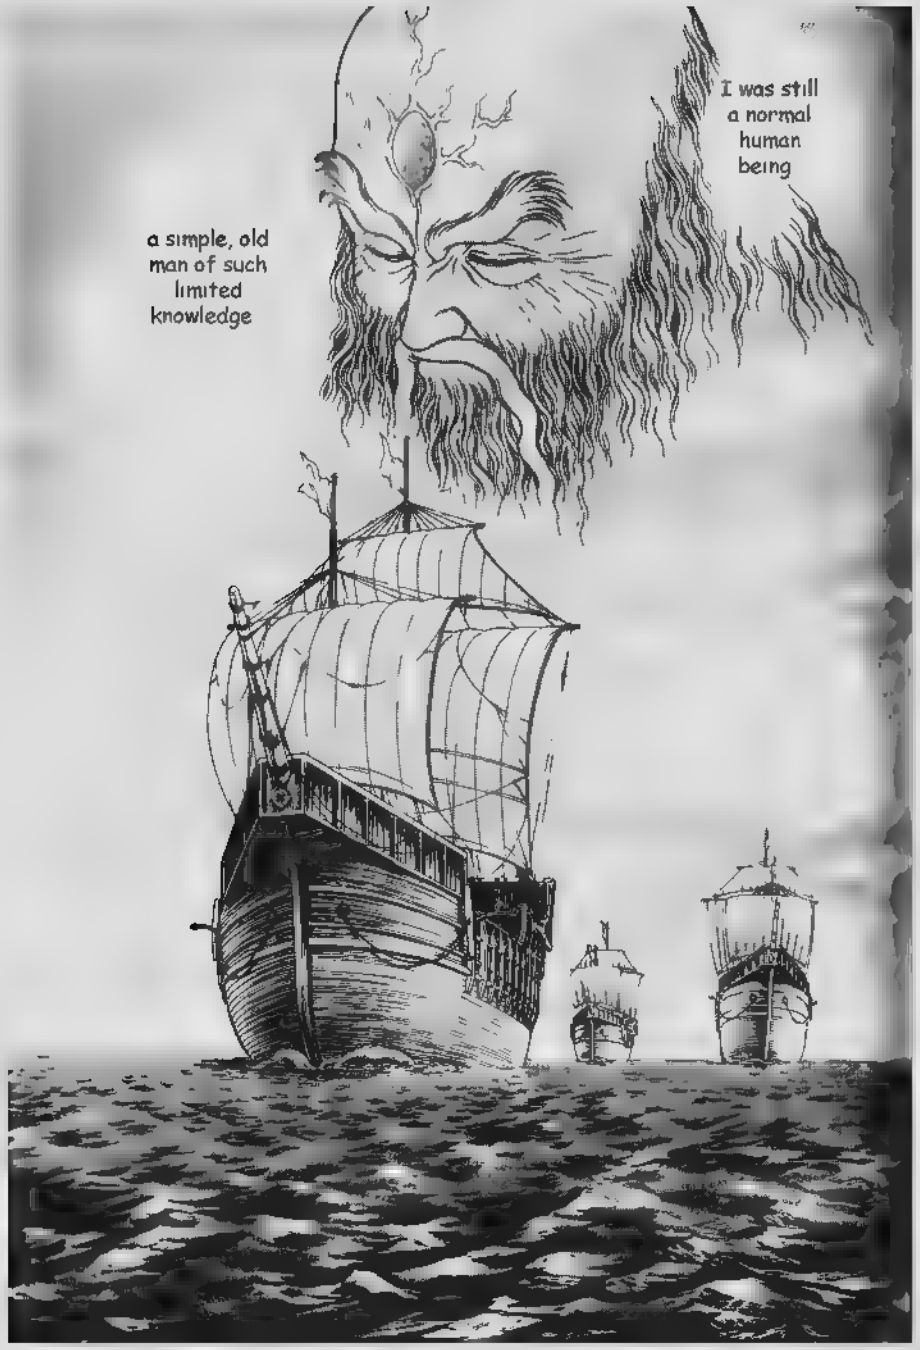
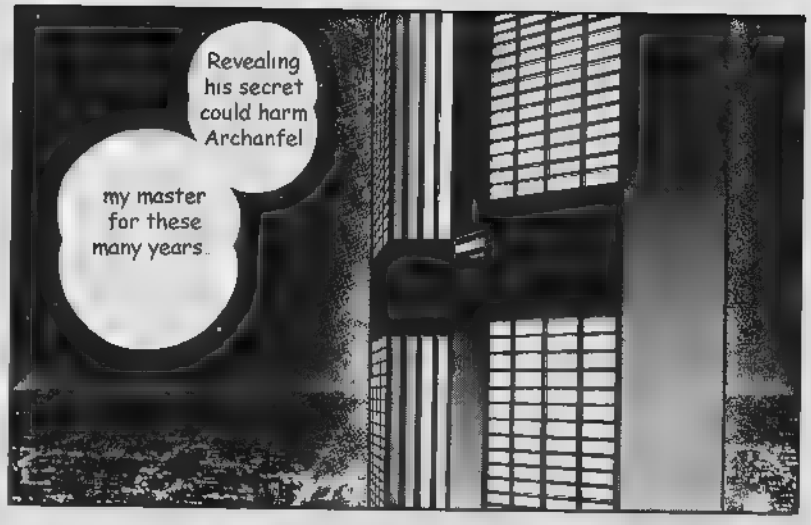
Chapter 79
THE MEMOIR OF DOCTOR BALCUS

Didn't I promise?
That I would return with a new power
but Your body is so different
This is that new power
Gigantic Dark!!



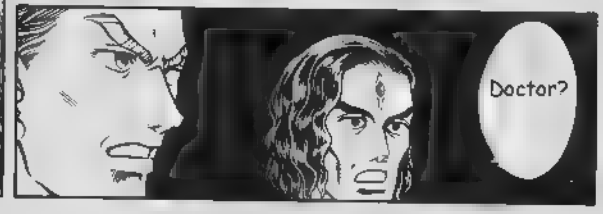
I was still a normal human being
a simple, old man of such limited knowledge



Revealing his secret could harm Archanfel
my master for these many years..

It has been 400 years since that day... since I met Archanfel for the first time.

I tell you this because I trust in you
Shin
Puluk shterl



Doctor?

The ship was pulled down by an enormous vortex!
I am still alive ?
I must be the sole survivor

I was aboard a Portuguese merchant vessel headed for Brazil
I knew I was nearing the end of my life
I wanted to see the new world I had heard so much of while I still could
the ship was hit by a storm in the middle of the Atlantic Ocean!
And then

WHAT !?
What is this!?
a land of giants

But where am I ?
the under-growth was more dense than anything you have ever seen, and
but this was not so...
At first I believed I had reached the New World
I found myself on a bizarre

what is that sound?
But
People actually live on this island?
Women's voices, I am sure of it.

KKRAHK
W-what hellish bird is this?"

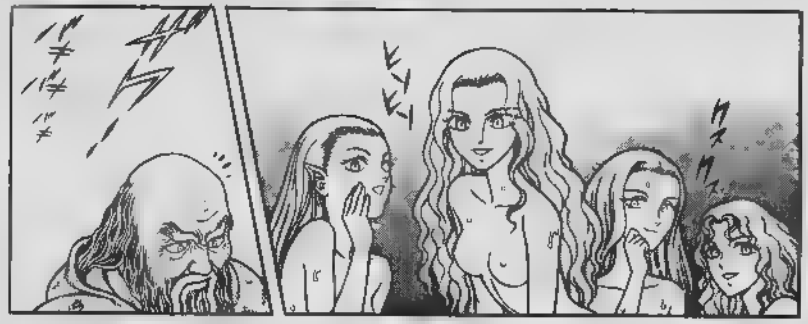
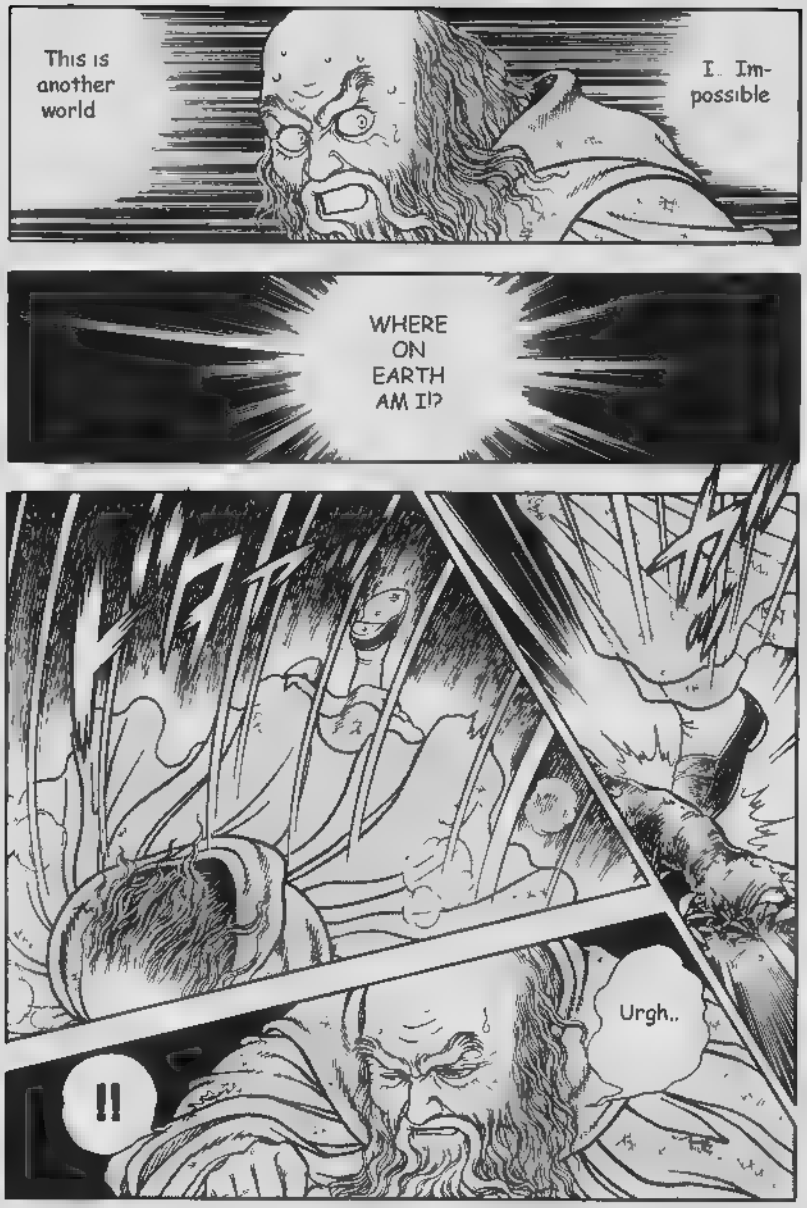
Mermaid!?

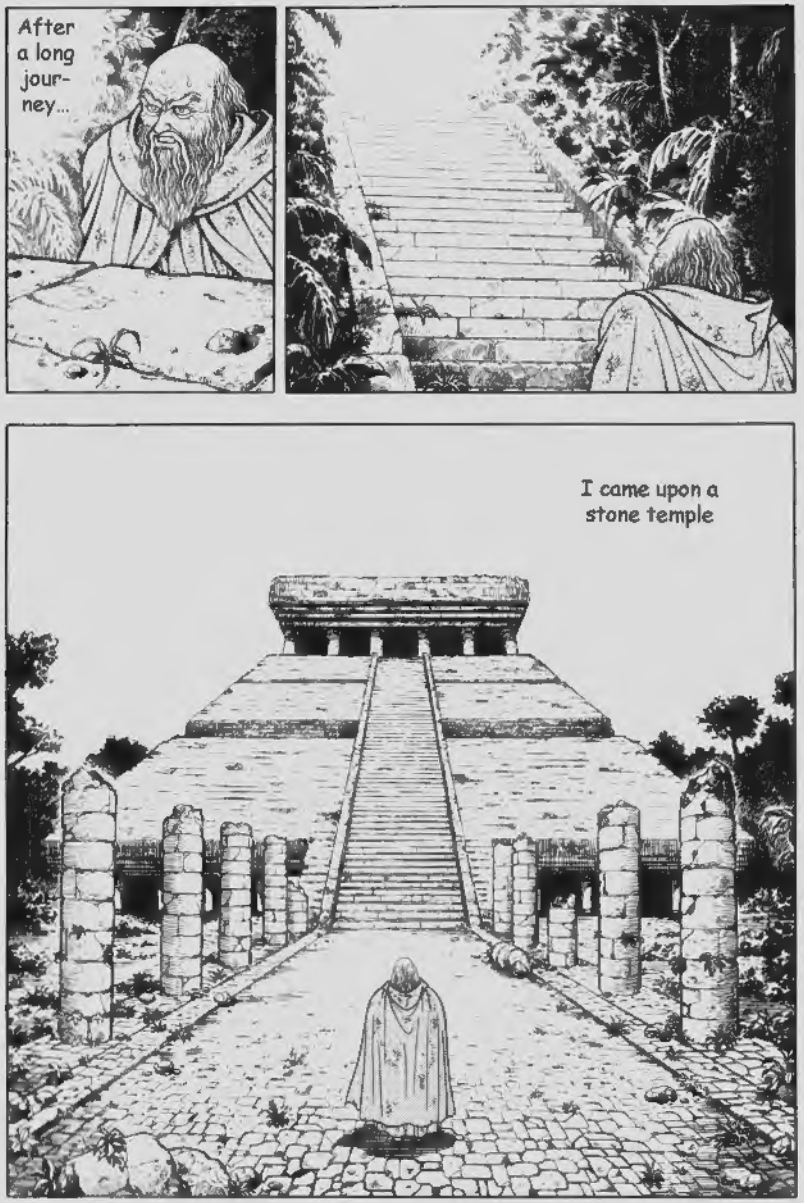


Guyver Advocacy



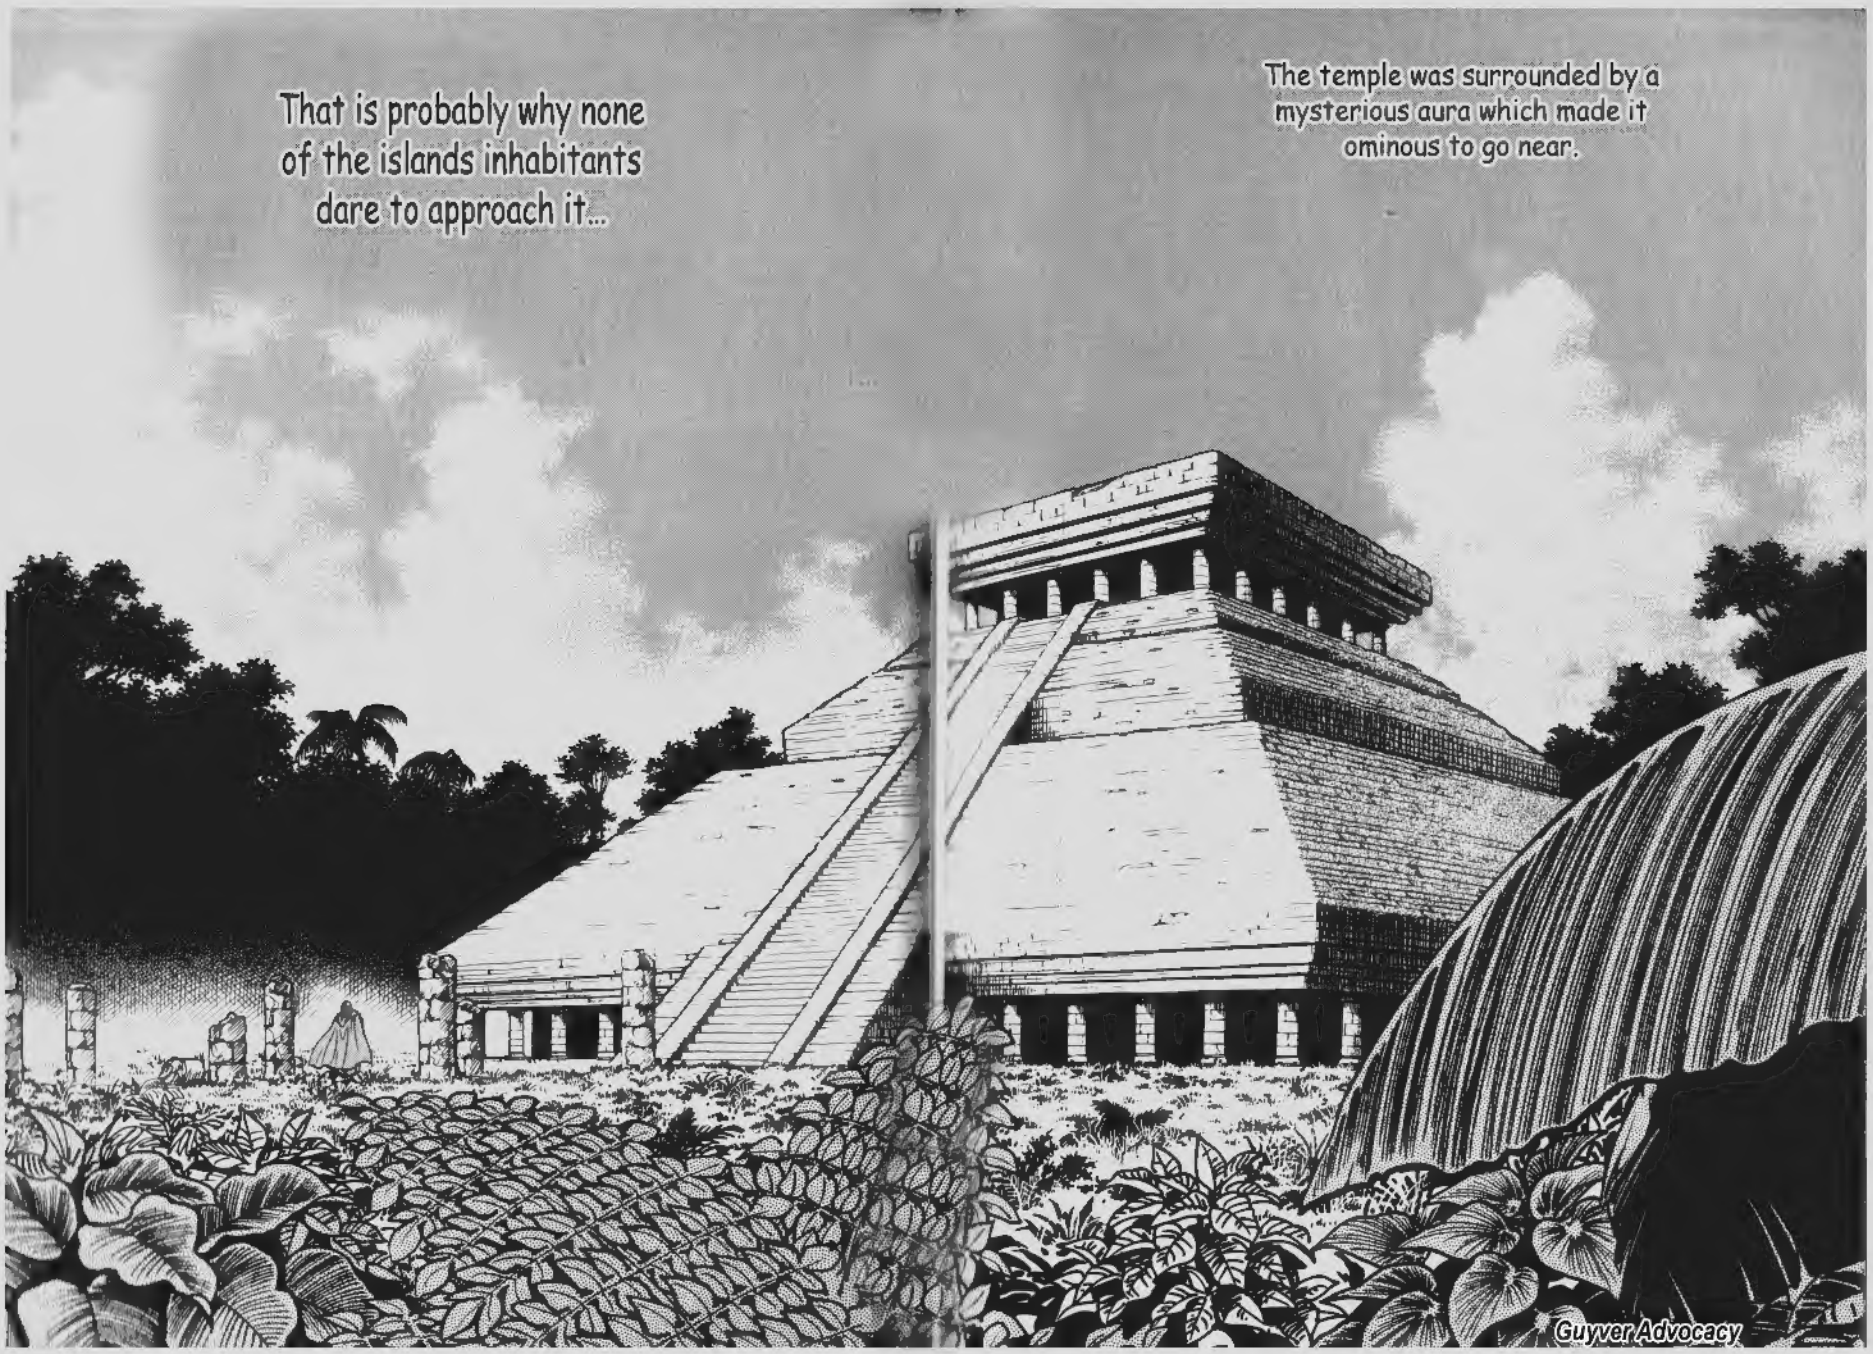
This is another world
I.. Impossible
WHERE ON EARTH AM I!?
!!
Urgh..

A road ?
Somehow the pathway seemed to invite me, and I began to climb the steps
I followed that road until I reached a staircase that lead up a mountain at the heart of the island ..
Someone, it seemed, was waiting for me!
But I did not feel threatened by this feeling

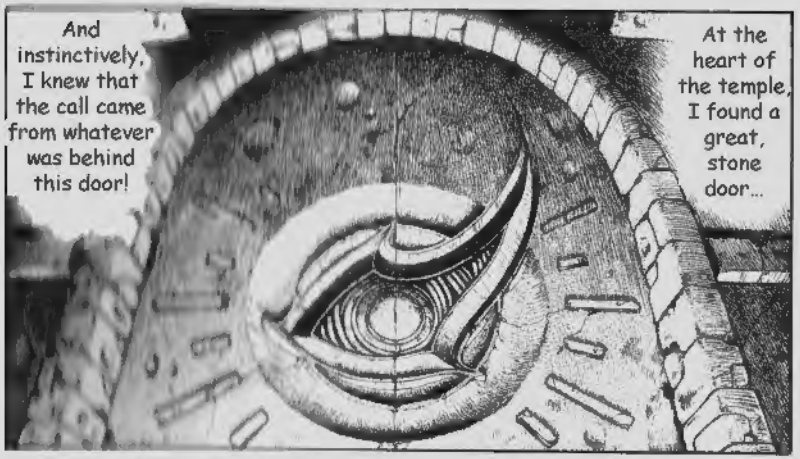


After a long journey...
I came upon a stone temple

When I looked to the shore down the side of the mountain
As I came closer to the top, this feeling got stronger.
I saw that the island was surrounded by enormous vortexes.
Our ship had been swallowed by one of those whirlpools.
or to keep the inhabitants from leaving the island...?
And it seemed they had been created intentionally to deflect unwanted intruders...



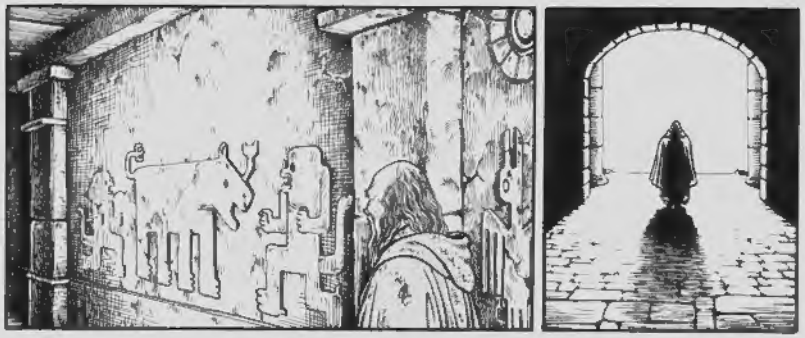
That is probably why none of the islands inhabitants dare to approach it...
The temple was surrounded by a mysterious aura which made it ominous to go near.
Guyver Advocacy

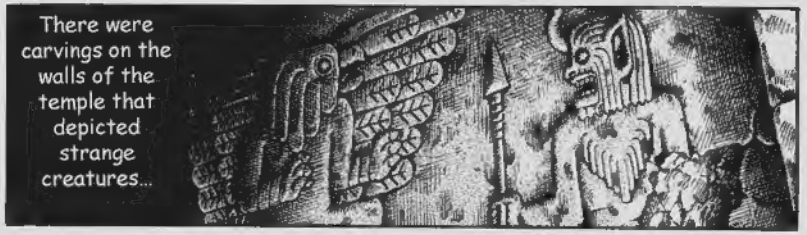


And instinctively, I knew that the call came from whatever was behind this door!
At the heart of the temple, I found a great, stone door...

I found myself in a darkened chamber
It opened on my approach...

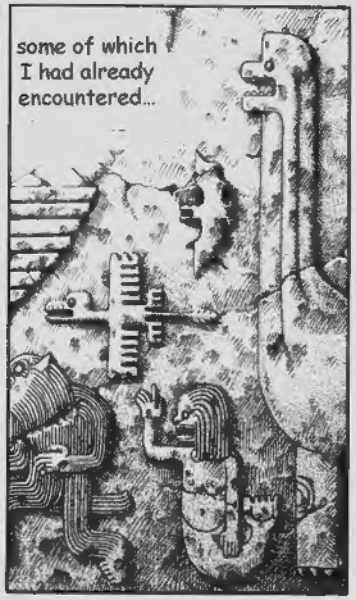
and then...



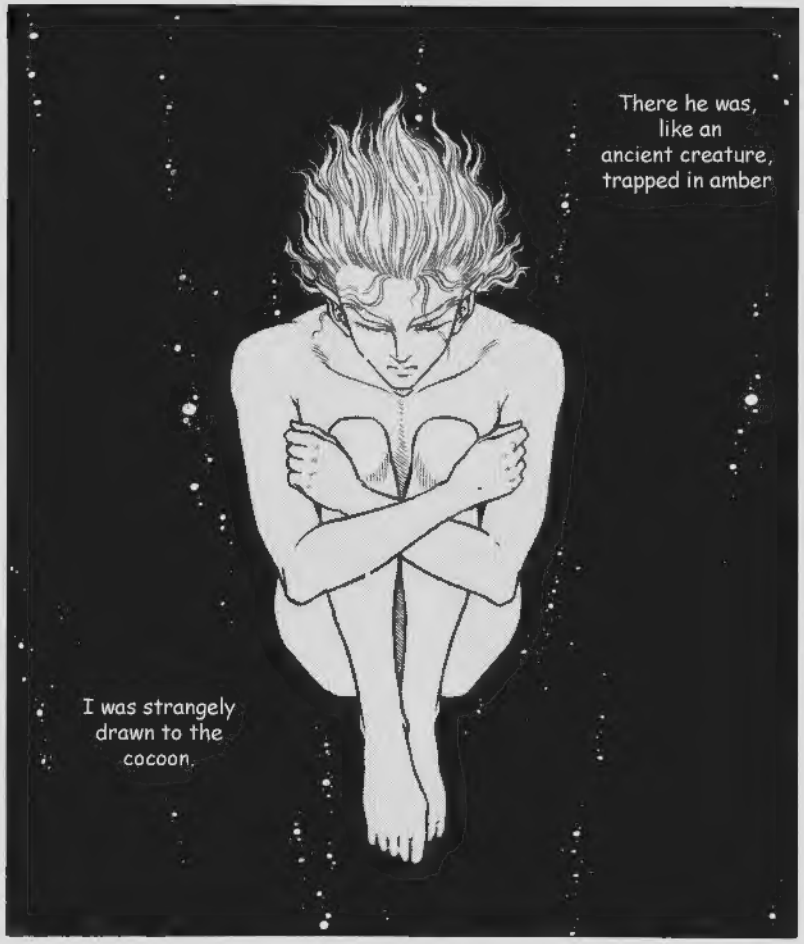


There were carvings on the walls of the temple that depicted strange creatures...

What's that...?



some of which I had already encountered...



There he was, like an ancient creature, trapped in amber
I was strangely drawn to the cocoon.

That´s when it all began!
that moment...
